FACULTY FEEDBACK FORM

Name of Faculty: JITENDRA KUMAR

Session : 2020-21

Semester : Even ☒ Odd ☐

Course : INTELLIGENT SYSTEMS AND CONTROL (MECC1004)

(Please rate your experience on a scale of 1- 5)

1. The allocation of the credits to the course is appropriate in relation to the level of course work.

1 2 3 4 5

2. The course content is adequate to achieve stated CO's/PSO's/PO's.

1 2 3 4 5

3. Syllabus is sufficient to bridge the gap between industry standards /current global scenario and academic requirement.

1 2 3 4 5

4. The timely coverage of syllabus is possible in the mentioned number of hours.

1 2 3 4 5

5. The units/sections in the syllabus are properly sequenced.

1 2 3 4 5

6. The recommended textbooks are adequate and map onto the syllabus.

1 2 3 4 5

7. Sufficient reference material and books are available for the topics mentioned in the syllabus.

1 2 3 4 5

8. The pre-requisite courses are appropriate for this course.

1 2 3 4 5

9. The designed experiments stimulate the interest of students in the subject and deepen their understanding.

1 2 3 4 5

10. The practicals enable to develop experimental, design, problem solving and analytical skills of the students.

1 2 3 4 5

11. Suggestion(s) if any

The topics in fuzzy logic & Direct Adaptive Control using ANNs may be reviewed.

Thank you for your valuable feedback

EMPLOYER/ RECRUITER/ INDUSTRY FEEDBACK FORM

Name : Anmol Sharma

Designation : Director

Name of Organization : I Control & System

Email Id : anmol@i-control-and-system.com

(Please rate your experience on a scale of 1- 5)

1. Performance of our graduates ?

1 2 3 4 5

2. Inclination to adopt new technology ?

1 2 3 4 5

3. Communication Skills ?

1 2 3 4 5

4. Independent Thinking & Problem Solving Ability ?

1 2 3 4 5

5. Leadership Qualities ?

1 2 3 4 5

6. Interpersonal relations and Team work ?

1 2 3 4 5

7. Ethics & Professional Qualities ?

1 2 3 4 5

8. Involvement in social activities ?

1 2 3 4 5

9. Would you like to recruit more Graduates from GLAU in future?

Yes ☒ No ☐ May be ☐

10. Would you refer us to other organizations ?

Yes ☒ No ☐ May be ☐

11. Would you like to associate with our organization in any other way?

Yes ☒ No ☐ May be ☐

12. Suggestion(s) if any

Students have to focus more on their practical knowledge to meet industry demand.

Thank you for your valuable feedback

The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society	4
The designed experiments stimulate the interest of students in the subject and deepen their understanding	4
The practicals enable to develop experimental, design, problem solving and analytical skills of the students	4

Overall Course Evaluation

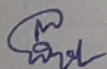

- (a) Please provide any feedback you have about the course that would be helpful to improve this course.

Course content is designed very well. I think some more lectures are needed to cover the whole content. Since this is the core subject of M.Sc.(Mathematics), some interested topics may be added to the course content.

- (b) Any further, constructive comment:

Students should have lucid understanding about metric space before taking this course. Therefore in first semester, there should be more emphasis on metric space.

Remark *

The prescribed syllabus is too vast in some courses and requires to go at a faster pace and given the educational background of students, its difficult to move at a slow pace and still be able to cover the syllabus. Availability of adequate books in library is also a constraint.

1. The allocation of the credits to the course is appropriate in relation to the level of course work.		✓				
2. The course content is adequate to achieve stated CO's/PO'S	✓					
3. Syllabus is sufficient to bridge the gap between industry standards /current global scenarios and academic requirement			✓			
4. The timely coverage of syllabus is possible in the mentioned number of hours		✓				
5. The units/sections in the syllabus are properly sequenced	✓					
6. The recommended textbooks are adequate and map onto the syllabus	✓					
7. Sufficient reference material and books are available for the topics mentioned in the syllabus	✓					
8. The pre-requisite courses are appropriate for this course	✓					
9. The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society		✓				
10. The designed experiments stimulate the interest of students in the subject and deepen their understanding		✓				
11. The practical enable to develop experimental, design, problem solving and analytical skills of the students	✓					

Any other comments:

- We got very less time to cover the syllabus in on-line mode as on-line mode needs more time to explain the facts.

Your CPI till last Semester: 6.95

Suggestions on existing course Structure: Organic Chemistry Syllabus can be revised. More equipments and chemicals can also be included in the laboratories.

- Physics Syllabus must be reduced.
- There must be Biology Subject for Bio students in place of Math.
- Lab must be included for English Subject also.

Feedback from INDUSTRY PERSONAL

deepak Dass <deepak.das@gla.ac.in>

FW: Fw: Modified syllabus for BSc(H) chem II & III yr

1 message

N Surendra Sai <sai@bestagrochem.co.in>

To: Deepak Das <deepak.das@gla.ac.in>

Fri, Apr 12, 2019 at 9:54 AM

Dear Dr Das,

From an industry perspective, the following are my suggestions/vies:

1. Feedback from the Plant Personnel was very positive with the team appreciative of the content. Their views are below

2. From a perspective of employability of BSc (Chemistry) while some students will take on higher studies, many would like to take up employment. The potential areas of employment could be as a) Lab Chemists, b) Lab Technicians, c) Production Operators d) ETP operators.

3. BSc graduates generally require 6 months to 1 year to become productive in the above roles due to the gap in the academic syllabus and the work requirements.

4. At the basic, as Lab Chemists significant work focus is on basics of analytical chemistry, operation and maintenance of lab equipment. HPLC and GC are stock equipment. Understanding the practicality of operations, interpreting method of analysis and understanding the margin of error are important. Any focus in this area will be beneficial to students. In case of agrochemicals, understanding the standards such as BIS, CIPAC are necessary.

5. At a plant level, it would be asking too much to make students delve into the area of process and production chemistry as this is too vast. But as a basic, industry would appreciate if the students are well versed in MSDS, Handling of Hazards Materials and have an understanding of basic Safety Procedures and Safety Equipment.

6. There are opportunities opening up in Industrial Effluent Treatment Plants, it will be relevant to teach students the basics of air and water pollutant treatment.

N Surendra Sai

Faculty Feedback Form

2018-2019

Faculty Name : Mr. RAISUL ISLAM

Designation : ASST. PROF.

Course Name : Structure Analysis Gr.

Rating on Scale 1-5

1- Unsatisfactory, 2- Satisfactory, 3-Good, 4- Very Good, 5- Excellent

Component of curriculum↓	5	4	3	2	1
The allocation of the credits to the course is appropriate in relation to the level of course work.		✓			
The course content is adequate to achieve stated CO's/PSO's/PO's		✓			
Syllabus is sufficient to bridge the gap between industry standards /current global scenario and academic requirement	✓				
The timely coverage of syllabus is possible in the mentioned number of hours		✓			
The units/sections in the syllabus are properly sequenced		✓			
The recommended textbooks are adequate and map onto the syllabus	✓				
Sufficient reference material and books are available for the topics		✓			
The pre-requisite courses are appropriate for this course		✓			
The programme and curriculum inculcates necessary communication		✓			
The designed experiments stimulate the interest of students in the		✓			
The practicals enable to develop experimental, design, problem solving and analytical skills of the students	✓				

Remark: Course is wide thus few topics to be removed and some to be added.

Programme: B. Tech ☒ M. Tech ☐ Graduating Year: 2015

Contact Number : 8375951272

(Please rate your experience on a scale of 1- 5)

1. I have a good association with GLAU as alumni.

(1) (2) (3) (4) (5)

2. University organizes various types of activities for overall development of the students.

(1) (2) (3) (4) (5)

3. T & P Cell provides on-campus and off-campus placement opportunities.

(1) (2) (3) (4) (5)

4. University has adequate laboratories and equipments for practical experiences.

(1) (2) (3) (4) (5)

5. Curriculum offered is useful and relevant to my present job.

(1) (2) (3) (4) (5)

6. Curriculum offers sufficient technical/professional knowledge.

(1) (2) (3) (4) (5)

7. Education imparted helps me to effectively work in multi disciplinary collaborative environment.

(1) (2) (3) (4) (5)

8. Faculty members of the University are competent and supportive to the students.

(1) (2) (3) (4) (5)

9. University provides good hospitality as alumni.

(1) (2) (3) (4) (5)

10. Suggestion(s) if any

→ To provide the exposure of industry oriented tools like Cadence, Virtuoso, these courses will be highly beneficial for the students.
