Action Taken Report (2017-18) on Curriculum Feedback

Feedback received from the various stake holders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

S. No.	Feedback	Action Taken
1	Based on the feedback received from students, faculty, employers & alumni the revision / upgradation / modification in syllabus of existing courses in various programmes is proposed	Modifications in the syllabus of following subjects were discussed and approved: (a) Network Analysis and Synthesis, (b) Electronic Measurement and Instrumentation, (c) Digital Image Processing (d) Telecommunication Switching. (e) High Speed Semiconductor Devices (f) Introduction to Electric Drives.
2	Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After through discussion board approves the same.
3	Modifications in course structure and syllabi of B. Tech. Electronics and Communication Engineering were discussed & approved (For non-CBCS System)	(a) RF Integrated Circuits (Elective) is shifted from VI Semester to VIII Semester (b) High speed semiconductor Devices (Elective) is shifted from Semester VIII to VI Semester
4	Following modifications in course structure and syllabi of the M. Tech. (Full Time/Part Time) Electronics and Communication Engineering were discussed & approved.	(a) Teaching scheme of Signal Processing Lab with LTP: 0 0 4 with credit 2 is changed to LTP: 0 0 2 with credit 1. (b) Teaching scheme of Communication Lab with LTP: 0 0 4 with credit 2 is changed to LTP: 0 0 2 with credit 1. This lab is shifted from Semester II to Semester I (c) Design and Simulation Lab with LTP: 0 0 4 with credit 4 is replaced with two Labs i.e HDL Programming lab (LTP: 0 0 2 with credit 1) and RF and Microwave Design Lab (LTP: 0 0 2 with credit 1). (d) Minor Project with LTP: 0 0 6 with credit 3 is introduced in II Semester (e) Teaching scheme of Seminar is changed from (LTP: 0 0 4 with credit 2) to (LTP: 0 0 2 with credit 1) (f) Advanced Digital Signal Processing is renamed as Adaptive Signal Processing

Action Taken on Faculty feed Back on Curriculum

25th May 2018

The general practise of faculty curriculum feedback is to maintain track of the syllabus and curriculum at all times.

The following steps will be taken.

The department's faculty will stay up to date on new technical achievements in the field of civil engineering, as well as essential curriculum adjustments.

Faculty members will use several brainstorming sessions to synthesise critical information from stakeholders at departmental meetings, suggest curricular changes to the next BOS, and adopt the BOS 6 panel.

All of the department's instructors are given copies of the current curriculum and requested to mark any suggested changes with justifications so that they can be implemented.

The central library and several departmental libraries have begun and are in the process of being digitised. The university's networking architecture is also being revamped to provide distant access to e-journals over the internet.

Action taken on Alumni Feed Back

30th May 2018

The consolidate of feedback taken from the alumni in the academic year 2017-2018 was summarized as follows:

- Final-year students have requested that GATE lessons begin, and GATE sessions have commenced.
- Non-academic co-curricular activities will be created alongside academics.
- They were expected to include little projects in their normal curriculum.
- Exam preparation assistance for competitive tests
- Students should be aware of the most recent breakthroughs and advancements. Our staff and students were invited to hear from experts who were willing to share their knowledge. This allowed them to communicate with the resource people and pushed them to pursue further education and careers with a challanging future.

Action taken on Student Feedback

30th May 2018

As per the feedback taken from the alumni in the academic year 2017-2018, key points mentioned by them, and the action taken against them were consolidated here as below.

S.No.	Key points mentioned by the students in feed back	Action taken against feedback
1	Students offered teaching and learning recommendations.	It was determined to make the instruction more practical based on the feedback provided by the students. Every department was requested to construct their information transfer strategy in such a manner that it goes beyond the lecture style.
2	In the library, more books, journals, and reading materials are required.	Despite the fact that books and periodicals were available, if there's a lot of it in the library, As far as new books were concerned, the need was taken into consideration.as needed and delivered to the library Committee headed by the department head after it has been validated
3	Make it necessary for students at both the undergraduate and graduate levels to produce a research paper based on their project work.	Students were encouraged to write a research paper based on their project work.
4	It is necessary to hire professional sports coaches.	The instructor in charge of sports and the HR department have been informed of the obligation.

 Head of Department

 GLA University, Mathura-281007

03rd April 2018

Action taken on Employer's Feedback

Dear Sir,

Based on the evaluation of feedback from Ashiana Housing Ltd. ,Byju's, India Bulls Housing Finance Ltd., Cinda Engineering and construction Ltd. , Afcon Infrastructure Ltd., TCE Ltd, The Akshaya Patra Foundation regarding our student's performance and application skills of knowledge to meet their organizational needs we have taken the following actions based on their feedback.

Company Name	Issue Raised	Action Taken
Ashiana Housing	Need to improve current affairs and industry updates.	Soft Skill courses are introduced in curriculum
Byju's	Need to improve awareness of current market and communication skills.	Department library updated with latest magazines.
India Bulls Housing Finance Ltd.	Weak in Communication	Soft Skill courses are introduced in curriculum
Cinda Engineering and construction Ltd.	More Practical knowledge	Site visits are arranged for students.
Afcon Infrastructure Ltd.	Improvement in communication skills	Mock Interview session held on regular intervals.
TCE Ltd	Basic technical Knowledge and case studies.	Core and elective courses are revised in BOS 6th
The Akshaya Patra Foundation	Weak in Communication	Mock Interview session held on regular intervals.

Stakeholder's Feedback Analysis: 2017-18

(1) Student Feedback

- The students have suggested that there should be more Guest lectures of industry experts to increase the exposure regarding employability.
- There should be more technical mock interviews for the preparation of placement drive of core companies.
- There should be more numerical problems for the preparation of competitive exams like GATE, IES, Public sectors etc.
- There should be more experiments in each lab course.

(2) Alumni Feedback

- Students should have more exposure in working projects
- Students participation in International and National conference/Seminar should be more.

(3) Employer/ Industry expert Feedback

- The Project based courses should include in the curriculum.
- The syllabus of the subjects should be aligned with the industry requirements.

(4) Faculty Feedback

- Syllabuses should be revised as per the technological advancement.
- In Assignment sheet more number of numerical problems (as per the standard of competitive exams) should be included.
- Case studies should be included in the syllabuses as per the suitability of the subject.
- More lab experiment and lab duration.

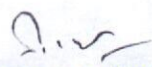

Actions Taken

- More number of guest lectures of industry experts are scheduled.
- Suggested revision has been done in syllabus to make it more aligned with industrial needs.
- Students are motivated and ensured their participation in National/International conferences.
- Advanced research experiments are also conducted additional to the lab experiments.
- More numerical problems of competitive exam are included in practice sheets.

Action Taken Report (2017-18) on Curriculum Feedback

Feedback received from the various stake holders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

Sr. No.	Feedback	Action Taken
1.	Based on the feedback received from students, faculty, employers & alumni the revision/upgradation/ modification in syllabus of existing courses in various programmes is proposed as follows:	Modifications in the syllabus of following subjects were discussed and approved B. Tech. (Electrical Engineering) / (Electrical & Electronics Engineering) <ul style="list-style-type: none">• Digital Electronics• Electrical circuit theory• Analog Electronics
2.	Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After through discussion board approves the same.
3.	Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented the structure of M. Tech Energy system.	After through discussion board approves the same.
4.	Regarding preparation of GATE and IES	<ul style="list-style-type: none">• Classes for preparation of GATE and other competitive exams approved• Scheduled some guest lecturers of industry experts are scheduled.

Q.11	The practicals enable to develop experimental, design, problem solving and analytical skills of the students	50%	33.33%	8.33%	8.33%	0	4.25

(Signature)

The units/sections in the syllabus are properly sequenced

The recommended textbooks are adequate and map onto the syllabus

Sufficient reference material and books are available for the topics mentioned in the syllabus

The pre-requisite courses are appropriate for this course

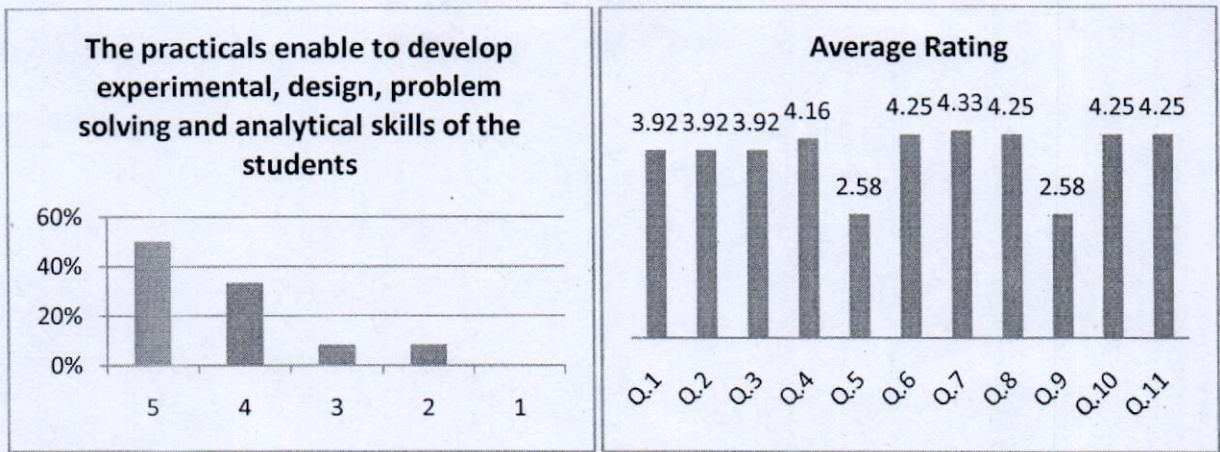

The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society

The designed experiments stimulate the interest of students in the subject and deepen their understanding

Summary Analysis:

- More focus on PDP (personality development program) and soft skills related activities should be there in curriculum.
- Curriculum should add more content with industrial orientation.
- Shuffling/merger of content of different courses to make it explanatory and comprehensive.

Analysis on Student feedback

Department Name							Department of Biotechnology
Stakeholder Name							Student
Total forms/responses received							40
Total count under each rating							Average Rating
Component of curriculum↓		5	4	3	2	1	
Q.1	The syllabus was challenging	47.5%	27.5%	20%	5%	0	4.17
Q.2	The allocation of the credits to the course is appropriate in relation to the level of course work.	45%	30%	17.5%	5%	2.5%	4.10
Q.3	The depth of the course content is adequate in relation to the expectedcourse outcomes (COs)	50%	22.5%	17.5%	5%	5%	4.07
Q.4	Almost entire syllabus was covered in the class by the teacher	45%	27.5%	20%	5%	2.5%	4.10
Q.5	The units/sections in the syllabus are properly sequenced.	50%	22.5%	22.5%	2.5%	2.5%	4.15
Q.6	Syllabus equipped me with necessary technical skills to face the industry	5%	5%	20%	30%	40%	2.05
Q.7	The syllabus enabled me to improve my ability to formulate, analyze and solve the problems	52.5%	20%	20%	5%	2.5%	4.15
Q.8	Syllabus inculcated necessary communication skills, ethical values and concern for the society	5%	7.5%	17.5%	32.5%	37.5%	2.10
Q.9	The recommended textbooks are adequately available and map ontothe syllabus	42.5%	32.5%	20%	2.5%	2.5%	4.10
Q.10	Opportunities provided for self and extra learning in this semester.	50%	20%	20%	5%	5%	4.05
Q.11	The electives offered are relevant to the specialization streams and to the technological advancements	2.5%	7.5%	17.5%	32.5%	40%	2
Q.12	The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimentallearning)	42.5%	35%	17.5%	2.5%	2.5%	4.12

Summary Analysis :

- More electives should be offered for enhancing technical skills of students.
- Courses/ Guest lectures on employability and entrepreneurship development should be encouraged.
- More educational trips should be planned by the department.

Analysis on Employer feedback

Department Name		Department of Biotechnology					
Stakeholder Name		Employer					
Total forms/responses received		10					
		Total count under each rating					
	Component of curriculum↓	5	4	3	2	1	Average Rating
Q.1	Performance of our graduates	40%	40%	10%	10%	0	4.10
Q.2	Inclination to adopt new technology	0	0	20%	30%	50%	1.70

Q.8	Overall curriculum emphasizes on ethics, societal needs and sustainable development.	0	5%	10%	20%	65%	1.55
Q.9	Education imparted helps me to effectively work in multidisciplinary collaborative environment.	70%	25%	5%	0	0	4.65
Q.10	Faculty members of the institute are competent and supportive to the students.	60%	25%	5%	5%	5%	4.30
Q.11	Institute provides good hospitality as alumni.	80%	10%	5%	5%	0	4.65

I have a good association with GLAU as alumni.

Institute organizes various types of activities for overall development of the students

T & P Cell provides on campus and off campus placement opportunities

I receive regular updates from the Institute through Facebook / Social Media/Mails/Calls/SMS etc.

Institute has adequate laboratories and equipments for practical experiences.

Curriculum offered is useful and relevant to my present job.

Curriculum offers sufficient technical/professional knowledge

Overall curriculum emphasizes on ethics, societal needs and sustainable development.

Education imparted helps me to effectively work in multidisciplinary collaborative environment.

Faculty members of the institute are competent and supportive to the students.

Institute provides good hospitality as alumni.

(Handwritten signature)

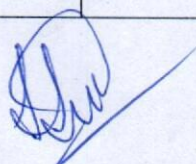

Summary Analysis :

- Industrial Tie-ups/MOU's should be made for training purpose of the students.
- Core companies should be invited for placement drives.
- Practical handling of instruments should be focused.

ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Incorporation of more industry oriented courses to improve the student employability and knowledge of current industrial trends.	Introduction of new courses like stem cell technology, role of biotechnology in forensic science as a part of the course curriculum was put up in the internal BOS for further approval.
2	Awareness on self employability and technocratic skills	Guest lecturers/expert talks by budding entrepreneurs will be conducted to motivate the students.
3	Industrial based, outstation technical visits should be conducted	Depending on the feasibility and time constraints, more technical/industrial visits will be conducted for at least 2 days for students to get a deeper understanding of the work and improving the skill set.

Dr. S.V. Singh
Professor & Head, Dept. of Biotechnology

ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Faculty feedback indicates that our institute required more book and journals are required in the library.	The several new books have been procured in the library. Now journals have been subscribed for the benefits of students. Faculties will be also get benefited from the new books and journals.
2	Student feedback showed the recommended textbooks are not adequately to cover the entire syllabus, hence more book required to fulfil the needs. The student feedback showed the allocation of the credits to the course is not appropriate in relation to the level of course, hence revision of syllabus is required.	- New books were procured as per feedback. - Syllabus was also revised by Pharmacy Council of India (PCI) and revised syllabus was implemented.
3	Employer feedback showed that communication skill is required in students.	Various course were introduced through value added course (VAC) for skill development of students.
4	Alumni feedback showed that students required skill development to work in multidisciplinary collaborative environment.	Various value added courses were added in the academic activity for the benefits of students by offering personality development programme.

Analysis on Faculty feedback

Department Name					Faculty of Education		
Stakeholder Name					Faculty		
Total forms/ responses received					12		
Total count under each rating							
Component of curriculum↓		5	4	3	2	1	Average Rating
Q.1	The allocation of the credits to the course is appropriate in relation to the level of course work.	41.66 %	25%	16.66%	16.66%	0	3.92
Q.2	The course content is adequate to achieve stated CO's/PSO's/PO's	33.33 %	33.33%	25%	8.33%	0	3.92
Q.3	Syllabus is sufficient to bridge the gap between industry standards/current global scenario and academic requirement	41.66 %	25%	16.66%	16.66%	0	3.92
Q.4	The timely coverage of syllabus is possible in the mentioned n umber of hours	50%	25%	16.66%	8.33%	0	4.16
Q.5	The units/sections in the syllabus are properly sequenced	8.33%	16.66%	25%	25%	25%	2.58
Q.6	The recommended textbooks are adequate and map onto the syllabus	58.33 %	16.66%	16.66%	8.33%	0	4.25
Q.7	Sufficient reference material and books are available for the topics mentioned in the syllabus	58.33 %	25%	8.33%	8.33%	0	4.33
Q.8	The pre-requisite courses are appropriate for this course	50%	33.33%	8.33%	8.33%	0	4.25
Q.9	The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society	8.33%	16.66%	25%	25%	25%	2.58
Q.10	The designed experiments stimulate the interest of students in the subject and deepen their understanding	58.33 %	16.66%	16.66%	8.33%	0	4.25
Q.11	The practicals enable to develop experimental, design, problem solving and analytical skills of the students	50%	33.33%	8.33%	8.33%	0	4.25

Credit allocation is appropriate

The course content is adequate to achieve stated CO's/PSO's/PO's

Syllabus is sufficient to bridge the gap between industry standards/current global scenario and academic requirement

The timely coverage of syllabus is possible in the mentioned number of hours

Dr. Kavita Verma
Principal

Faculty of Education
GLA University, Mathura

Summary Analysis:

- More focus on PDP (personality development program) and soft skills related activities should be there in curriculum.
- Curriculum should add more content with Educational orientation.
- Shuffling/merger of content of different courses to make it explanatory and comprehensive.

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

Analysis on Student feedback

Stakeholder Name							Student
Total forms/responses received							40
Total count under each rating							Average Rating
Component of curriculum↓		5	4	3	2	1	
Q.1	The syllabus was challenging	47.5%	27.5%	20%	5%	0	4.17
Q.2	The allocation of the credits to the course is appropriate in relation to the level of course work.	45%	30%	17.5%	5%	2.5%	4.10
Q.3	The depth of the course content is adequate in relation to the expected course outcomes (COs)	50%	22.5%	17.5%	5%	5%	4.07
Q.4	Almost entire syllabus was covered in the class by the teacher	45%	27.5%	20%	5%	2.5%	4.10
Q.5	The units/sections in the syllabus are properly sequenced.	50%	22.5%	22.5%	2.5%	2.5%	4.15
Q.6	Syllabus equipped me with necessary technical skills to face the industry	5%	5%	20%	30%	40%	2.05
Q.7	The syllabus enabled me to improve my ability to formulate, analyze and solve the problems	52.5%	20%	20%	5%	2.5%	4.15
Q.8	Syllabus inculcated necessary communication skills, ethical values and concern for the society	5%	7.5%	17.5%	32.5%	37.5%	2.10
Q.9	The recommended textbooks are adequately available and map onto the syllabus	42.5%	32.5%	20%	2.5%	2.5%	4.10
Q.10	Opportunities provided for self and extra learning in this semester.	50%	20%	20%	5%	5%	4.05
Q.11	The electives offered are relevant to the specialization streams and to the technological advancements	2.5%	7.5%	17.5%	32.5%	40%	2
Q.12	The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning)	42.5%	35%	17.5%	2.5%	2.5%	4.12

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

The units/sections in the syllabus are properly sequenced.

Syllabus equipped me with necessary technical skills to face the industry

The syllabus enabled me to improve my ability to formulate, analyze and solve the problems

Syllabus inculcated necessary communication skills, ethical values and concern for the society

The recommended textbooks are adequately available and map onto the syllabus

Opportunities provided for self and extra learning in this semester.

The electives offered are relevant to the specialization streams and to the technological advancements

The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning)

Summary Analysis :

- More electives should be offered for enhancing skills of students.
- Courses/ Guest lectures on employability and entrepreneurship development should be encouraged.
- More educational trips should be planned by the department.

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

Summary Analysis :

- Institutional Tie-ups/MOU's should be made for training purpose of the students.
- Core institutes should be invited for placement drives.
- New Methods of Teaching learning should be focused.

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Incorporation of more education oriented courses to improve the student employability and knowledge of current educational trends.	Introduction of new courses like Knowledge and Curriculum, Learning and Teaching, role of Bachelor of Education in school management as a part of the course curriculum was put up in the internal BOS for further approval.
2	Awareness on self-employability and technocratic skills	Guest lecturers/expert talks by budding entrepreneurs will be conducted to motivate the students.
3	Educational based, outstation school's visits should be conducted	Depending on the feasibility and time constraints, more School visits will be conducted for at least 2 days for students to get a deeper understanding of the work and improving the skill set.
