### Action Taken Report (2019-20) on Curriculum Feedback

Feedback received from the various stake holders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

S. No.	Feedback	Action Taken
1	Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed as follows:	Modifications in the syllabus of following subjects were discussed and approved (a) Electromagnetic Field Theory, (b) Solid State Devices & Circuits, (c) Random Variables & Stochastic Processes, (d) Control System (e) Signals and Systems
2	Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After through discussion board approves the same
3	To consider and approve courses recommended by Training & Development Department for B. Tech. (Electronics & Communication Engineering)	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows:  (a) III Year, V Sem : BTDH 0303, Soft Skills - III (b) III Year, VI Sem : BTDH 0304, Soft Skills - IV

#### Action Taken Report (2019-20) on Curriculum Feedback

Feedback received from the various stake holders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BoS meeting.

Department Name	Computer Engineering & Applications
Feedback received from various stakeholders	Action proposed / taken
Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed.	Modifications in the syllabus of subjects were discussed and approved in XIII BoS.
Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After through discussion board approves the same.
To consider and approve courses recommended by Training & Development Department for B.Tech (Computer Science & Engineering)	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) III Year, V Sem: BTDH 0303, Soft Skills-III (b) III Year, VI Sem: BTDH 0304, Soft Skills-IV
To consider and approve courses recommended by Training & Development Department for Master of Computer Applications	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: MTDH 0303, Soft Skills-III (b) II Year, IV Sem: MTDH 0304, Soft Skills-IV
To consider and approve courses recommended by Training & Development Department for Bachelor of Computer Applications	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: BCTH 0103, Soft Skills-III (b) II Year, IV Sem: BCTH 0104, Soft Skills-IV

### Action Taken on Faculty feed Back on Curriculum

02<sup>nd</sup> August 2020

General Practice of the faculty feed-back on curriculum is mainly focused on keeping track of the syllabus and curriculum always.

The following actions will be followed.

Faculty members of DOCE will consolidate the valuable feedback of the stakeholders in the departmental meetings through several brainstorming sessions and proposes the curriculum changes to the next coming BOS, and incorporate the necessary approved changes by the BOS panel. All the faculty of the department are given copies of existing syllabus and are required to mark the proposed changes with justifications for being discussed in upcoming BOS.

Department Faculty also suggested modifications in various subjects so that crisp knowledge supplied to students and also old methodology should be avoided. Faculty members also suggested to impart training on latest software to students to help them to chase their dream job.

Head of Department

Department of Civil Engineering

Professor & Head  
Department of Civil Engineering  
Institute of Engineering & Technology  
GLA University, Mathura-281406

### Action taken on Alumni Feed Back

02<sup>nd</sup> August 2020

Alumni feedback summary points and the action taken for the feedback are summarized below, for the academic year 2019-20.

- Field visits are suggested for getting more hands on practical experience by the students, which will help them in enhancing their practical understanding.
- Students shall be counselled and guided for continuing their higher studies not only in India, but also abroad.
- More usage of the latest and advanced software based learning shall be imparted to the students.

The following actions were taken against the issues.

- More field visits are now arranged for improving their practical knowledge and understanding like visit to CRRI, Signature bridge, L&T Casting Yards.
- The university is already having a separate cell for guiding the students for studies in foreign countries, and also university is having university exchange programs with reputed foreign universities.
- All the PG and interested UG students were been instructed with the BIM Modelling and Prime Vera software.

Head of Department

Professor & Head  
Department of Civil Engineering  
Institute of Engineering & Technology  
GLA University, Mathura-2011406

### Action taken on Student Feedback

04<sup>th</sup> September 2020

As per the feedback taken from the students in the academic year 2019-2020, key points mentioned by them, and the action taken against them were consolidated here as below.

- Assistance for getting extra skillsets for placements is insisted from department side.
- Permissions for participation in competitions. Insisting for 5 day class work in a week, to facilitate more preparation time for
- competitive and other examinations.
- Class room problems were mentioned.

The following actions were taken against the issues simultaneously.

- Special technical classes have been arranged for preparing the students to face the placement process and tests. Placements opportunities are provided along with the placement department, alumni and other industrial contact persons.
- There was no issue in giving permissions to the students for a genuine request, rather they were being encouraged to do so.
- Considering the students request and discussed in the department meeting, it was felt to give some free hours in the regular time table for the UG final year and PG students in the time table itself, instead of disturbing the 6 day working week.

### Action taken on Employer's Feedback

Dear Sir,

Based on the evaluation of feedback from JARO Institute of Technology, management and Research, Byju's , Vedantu Innovations Pvt. Ltd., EdWisor (Sararwati Digital Pvt. Ltd.), Magicrete Building Solutions Pvt. Ltd., Everest Industries Limited, ISGEC Heavy Engineering Limited, AMPERES Energy Solutions regarding our student's performance and application skills of knowledge to meet their organizational needs we have taken the following actions based on their feedback.

Company Name	Issue Raised	Action Taken
DIMTS Ltd.	Grooming and Presentation	Mock Interview session held on regular intervals.
TCE Ltd.	M.tech Students need to better in concepts	More focused on Internship program from Department.
Everest Industries Ltd.	Weak in basic concept in Engineering Subjects	Few subjects are revised and more are included in BOS 11 <sup>th</sup> .
Explore Engineering Consultants.	More focus on core subjects	New courses introduces in 11 <sup>th</sup> BOS and extra classes arranged for Upcoming Companies.
Paramount Technomech	Basic skills about particular subjects	Extra classes arranged, More live workshops arranged and Webinars too.
Cinda Engineering & Construction Pvt. Ltd	Some Improvement Communication	Soft Skills Classes arranged.
Epoch Insurance Brokers (P) Ltd.	Career Counselling	Counselling done at regular intervals by faculties.
Triune Energy Services Pvt. Ltd.	Fundamentals into Core Discipline	More focus on core subjects and extra classes Arranged.

*S. S. S. Head*  
Professor & Head  
Department of Civil Engineering  
Institute of Engineering & Technology  
GLA University, Mathura-281405

India Shelter Finance Corporation Ltd.	Grooming and Personality	Mock Interview session held on regular intervals.
Saariga Constructions Private Limited	Less knowledge about books and Authors.	Faculties are advised to give intro about subjects in 1 <sup>st</sup> lecture itself.

### Stakeholder's Feedback Analysis: 2019-20

#### (1) Student Feedback

- The students have suggested that they want to join test series for the preparation of competitive exams like GATE, IES, Public sectors etc.
- Students want to join the guest lectures of industrial experts to get the
- There should be more technical mock interviews for the preparation of placement drive of core companies.
- There should be more numerical problems for the preparation of competitive exams like GATE, IES, Public sectors etc.
- There should be more experiments in each lab course.

#### (2) Alumni Feedback

- Students should have more exposure in working projects
- Students participation in International and National conference/Seminar should be more.

#### (3) Employer/ Industry expert Feedback

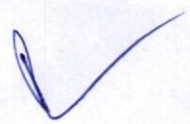

- The Project based courses should include in the curriculum.
- The syllabus of the subjects should be aligned with the industry requirements.

#### (4) Faculty Feedback

- Syllabuses should be revised as per the technological advancement.
- In Assignment sheet more number of numerical problems (as per the standard of competitive exams) should be included.
- Case studies should be included in the syllabuses as per the suitability of the subject.
- More lab experiment and lab duration.

#### Actions Taken

- Test series of professional agency has been arranged for the preparation of competitive exams.
- e-contents and recorded lectures are provided for the students.
- Syllabus modification according to industrial demand.
- More numerical problems of competitive exam are included in practice sheets.

**Action Taken Report (2019-20) on Curriculum Feedback**

Feedback received from the various stakeholders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

Sr. No.	Feedback	Action Taken
1.	Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed.	Modifications in the syllabus of following subjects were discussed and approved: B. Tech. (Electrical Engineering) / (Electrical & Electronics Engineering) <ul style="list-style-type: none"><li>• Basic Electrical Engineering,</li><li>• High Voltage Engineering</li></ul> M. Tech. (Electrical Engineering) <ul style="list-style-type: none"><li>• Power System Dynamics &amp; Control</li><li>• Optimization Techniques</li></ul>
2.	Based on the feedback of various stakeholders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After thorough discussion board approves the same.
3.	Regarding preparation of GATE and IES exams	<ul style="list-style-type: none"><li>• Classes for preparation of GATE and other competitive exams approved</li><li>• E-contents and recorded lectures are provided for the students.</li></ul>
4.	To consider and approve courses recommended by Training & Development Department for B. Tech. EE & EN	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) III Year, V Sem : BTDH 0303, Soft Skills – III (b) III Year, VI Sem : BTDH 0304, Soft Skills - IV

Q.2	The allocation of the credits to the course is appropriate in relation to the level of course work.	37.5%	37.5%	12.5%	7.5%	5%	3.95
Q.3	The depth of the course content is adequate in relation to the expectedcourse outcomes (COs)	42.5%	35%	15%	5%	2.5%	4.10
Q.4	Almost entire syllabus was covered in the class by the teacher	40%	37.5%	15%	5%	2.5%	4.07
Q.5	The units/sections in the syllabus are properly sequenced.	37.5%	37.5%	12.5%	7.5%	5%	3.95
Q.6	Syllabus equipped me with necessary technical skills to face the industry	45%	37.5%	10%	5%	2.5%	4.17
Q.7	The syllabus enabled me to improve my ability to formulate, analyze and solve the problems	42.5%	40%	7.5%	5%	5%	4.10
Q.8	Syllabus inculcated necessary communication skills, ethical values and concern for the society	40%	40%	10%	10%	0	4.10
Q.9	The recommended textbooks are adequately available and map ontothe syllabus	42.5%	37.5%	15%	7.5%	0	4.15
Q.10	Opportunities provided for self and extra learning in this semester.	40%	35%	10%	10%	5%	3.95
Q.11	The electives offered are relevant to the specialization streams and to the technological advancements	45%	35%	15%	5%	0	4.2
Q.12	The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimentallearning)	40%	37.5%	15%	5%	2.5%	4.07

**Almost entire syllabus was covered in the class by the teacher**

**The units/sections in the syllabus are properly sequenced.**

**Syllabus equipped me with necessary technical skills to face the industry**

**The syllabus enabled me to improve my ability to formulate, analyze and solve the problems**

**Syllabus inculcated necessary communication skills, ethical values and concern for the society**

**The recommended textbooks are adequately available and map onto the syllabus**

**Opportunities provided for self and extra learning in this semester.**

**The electives offered are relevant to the specialization streams and to the technological advancements**

**Summary Analysis:**

- Exposure to the handling of instruments in the laboratory facility should be done.
- Smart learning should be implemented in all the courses.
- Guest lecturers should be conducted for getting the current trends in Biotechnology.

### Analysis on Employer feedback

Department Name							Department of Biotechnology
Stakeholder Name							Employer
Total forms/responses received							10
Total count under each rating							Average Rating
Component of curriculum↓		5	4	3	2	1	
Q.1	Performance of our graduates	40%	40%	10%	10%	0	4.1
Q.2	Inclination to adopt new technology	40%	30%	20%	10%	0	4.0
Q.3	Communication Skills	50%	30%	10%	10%	0	4.2
Q.4	Independent Thinking & Problem Solving Ability	30%	40%	20%	10%	0	3.9
Q.5	Leadership Qualities	30%	40%	20%	10%	0	3.9
Q.6	Interpersonal relations and Team work	50%	30%	10%	10%	0	3.7
Q.7	Ethics & Professional Qualities	40%	30%	10%	10%	10%	3.8
Q.8	Involvement in social activities	50%	30%	10%	10%	0	4.2
Q.9	Would you like to recruit more Graduates from GLAU in future?	50%	40%	10%	0	0	4.4
Q.10	Would you refer us to other organizations?	40%	30%	10%	10%	10%	3.8
Q.11	Would you like to associate with our organization in any other way?	40%	40%	20%	0	0	4.2

**Summary Analysis:**

- Communication skill can be adopted in the curriculum.
- Professional communication course can be taught in the late semester.

### Analysis on Alumni feedback

Department Name						Department of Biotechnology	
Stakeholder Name						Alumni	
Total forms/ responses received						20	
	Component of curriculum↓	Total count under each rating					Average Rating
		5	4	3	2	1	
Q.1	I have a good association with GLAU as alumni.	65%	25%	5%	5%	0	4.50
Q.2	Institute organizes various types of activities for overall development of the students	70%	20%	5%	5%	0	4.55
Q.3	T & P Cell provides on campus and off campus placement opportunities	60%	20%	10%	5%	5%	4.25
Q.4	I receive regular updates from the Institute through Facebook / Social Media/Mails/Calls/SMS etc.	70%	15%	5%	5%	5%	4.40
Q.5	Institute has adequate laboratories and equipments for practical experiences.	60%	25%	5%	5%	5%	4.30
Q.6	Curriculum offered is useful and relevant to my present job.	55%	30%	5%	5%	5%	4.25
Q.7	Curriculum offers sufficient technical/professional knowledge	65%	20%	5%	5%	5%	4.35
Q.8	Overall curriculum emphasizes on ethics, societal needs and sustainable development.	70%	15%	5%	5%	5%	4.40
Q.9	Education imparted helps me to effectively work in multidisciplinary collaborative environment.	55%	25%	10%	5%	5%	4.20
Q.10	Faculty members of the institute are competent and supportive to the students.	60%	20%	10%	5%	5%	4.25
Q.11	Institute provides good hospitality as alumni.	65%	20%	5%	5%	5%	4.35

**I have a good association with GLAU as alumni.**

**Institute organizes various types of activities for overall development of the students**

**T & P Cell provides on campus and off campus placement opportunities**

**I receive regular updates from the Institute through Facebook / Social Media/Mails/Calls/SMS etc.**

**Summary Analysis :**

- The department should arrange for preparation of technical interviews.
- Focus on smart learning methods.
- New course like B.Tech- Biotechnology should be introduced for better employability.

## ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Faculty and Alumnis suggested the starting a Job oriented course on B.Tech – Biotechnology.	New course B.Tech - Biotechnology is initiated from 2020.
2	Faculties suggested incorporation of virtual / e-learning content.	The department will focus on the usage of e- content and its development.
3	Students requested for powerpoint based lecture theatres/ sessions	After discussion with authorities, ICT enabled lecture theatres were allotted for classes and faculty were encouraged to use multimedia presentation as mode of lecture delivery.

**Dr. S.V. Singh**  
Professor & Head, Dept. of Biotechnology  
GLA University, Mathura (U.P.), INDIA

Session 2019-20						
Department Name	Institute of Business Management					
Stakeholder Name	Student					
Total forms / responses received	120					
Total count under each rating						
Component of curriculum↓	1	2	3	4	5	Average Rating
The syllabus was challenging.	9	14	26	39	32	4
The allocation of the credits to the course is appropriate in relation to the level of course work.	12	11	28	38	31	4
The depth of the course content is adequate in relation to the expected course outcomes (COs).	14	17	30	37	22	4
The units/sections in the syllabus are properly sequenced.	11	12	26	35	36	5
Syllabus equipped me with necessary technical skills to face the industry	8	20	29	30	33	5
The syllabus enabled me to improve my ability to formulate, analyze and solve the problems.	18	10	26	39	27	4
The recommended textbooks are adequately available and map onto the syllabus.	13	18	30	32	27	4
The electives offered are relevant to the specialization streams and to the technological advancements.	12	13	25	36	34	4
The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning).	15	20	38	19	28	3

**Remark:** Information passed to the concerned authority.

### The syllabus was challenging.

### The allocation of the credits to the course is appropriate in relation to the level of course work.

### The depth of the course content is adequate in relation to the expected course outcomes (COs).

**The units/sections in the syllabus are properly sequenced.**

**Syllabus equipped me with necessary technical skills to face the industry**

The practical enables to develop experimental, design, problem solving and analytical skills of the students	0%	0%	0%	33%	67%	4.66

### Analysis of Feedback:

- Faculty feedback indicates that some books should be procured as per revised syllabus in our departmental library for the effective teaching – learning.

Meenakshi

The allocation of the credits to the course is appropriate in relation to the level of course work.

The course content is adequate to achieve stated CO's/PSO's/PO's

Syllabus is sufficient to bridge the gap between industry standards /current global scenario and academic requirement

The timely coverage of syllabus is possible in the mentioned number of hours

The units/sections in the syllabus are properly sequenced

The recommended textbooks are adequate and map onto the syllabus

Meenakshi

Sufficient reference material and books are available for the topics mentioned in the syllabus

The pre-requisite courses are appropriate for this course

The designed experiments stimulate the interest of students in the subject and deepen their understanding

The practicals enable to develop experimental, design, problem solving and analytical skills of the students

Meenakshi

## Feedback Summary

Department Name	Institute of Pharmaceutical Research					
Stakeholder Name	Student					
Total forms/ responses received	20					
Total count under each rating						
Component of curriculum↓	1	2	3	4	5	Average Rating
The syllabus was challenging.	0	0	1	8	11	4.5
The allocation of the credits to the course is appropriate in relation to the level of course work.	0	0	0	5	15	4.75
The depth of the course content is adequate in relation to the expected course outcomes (COs).	0	0	0	7	13	4.65
The units/sections in the syllabus are properly sequenced.	0	0	0	3	17	4.85
Syllabus equipped me with necessary technical skills to face the industry	0	0	0	5	15	4.75
The syllabus enabled me to improve my ability to formulate, analyse and solve the problems.	0	0	0	6	14	4.7
The recommended textbooks are adequately available and map onto the syllabus.	0	0	0	4	16	4.8
The electives offered are relevant to the specialization streams and to the technological advancements.	0	0	3	5	12	4.45
The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning).	0	0	0	1	19	4.95

Meerabshi

## Analysis of Student Feedback

Department Name	Institute of Pharmaceutical Research					
Stakeholder Name	Student					
Total forms/ responses received	20					
Component of curriculum↓	1	2	3	4	5	Average Rating
The syllabus was challenging.	0%	0%	5%	40%	55%	4.5
The allocation of the credits to the course is appropriate in relation to the level of course work.	0%	0%	0%	25%	75%	4.75
The depth of the course content is adequate in relation to the expected course outcomes (COs).	0%	0%	0%	35%	65%	4.65
The units/sections in the syllabus are properly sequenced.	0%	0%	0%	15%	85%	4.85
Syllabus equipped me with necessary technical skills to face the industry	0%	0%	0%	25%	75%	4.75
The syllabus enabled me to improve my ability to formulate, analyze and solve the problems.	0%	0%	0%	30%	70%	4.7
The recommended textbooks are adequately available and map onto the syllabus.	0%	0%	0%	20%	80%	4.8
The electives offered are relevant to the specialization streams and to the technological advancements.	0%	0%	15%	25%	60%	4.45
The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning).	0%	0%	0%	5%	95%	4.95

### Analysis of Feedback:

- Students feedback showed the syllabus is challenging hence some additional courses should be offered to fulfil the gap.
- Student feedback showed the recommended textbooks are not adequately to cover the entire syllabus, hence more book required to fulfil the needs.

Meerakshi

The syllabus was challenging

The allocation of the credits to the course is appropriate in relation to the level of course work

The depth of the course content is adequate in relation to the expected course outcomes (COs)

The units/sections in the syllabus are properly sequenced

Syllabus equipped me with necessary technical skills to face the industry

The syllabus enabled me to improve my ability to formulate, analyze and solve the problems

Meenakshi

The recommended textbooks are adequately available and map onto the syllabus

The electives offered are relevant to the specialization streams and to the technological advancements

The electives offered are relevant to the specialization  
The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning)

## ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Faculty feedback indicates that some books should be procured as per revised syllabus in our departmental library for the effective teaching – learning.	New books have been procured in the departmental library for the benefits of students faculties.
2	Students feedback showed the syllabus is challenging hence some additional courses should be offered to fulfil the gap. Further Student feedback showed the recommended textbooks are not adequately to cover the entire syllabus, hence more book required to fulfil the needs.	<ul style="list-style-type: none"> <li>- on the basis of feedback several new value added courses were introduced for the benefits of students such as hospital training, soft skill development, software for chemistry drawing, etc.</li> <li>- New books were procured as per feedback.</li> </ul>
3	Employer feedback showed that students should have ability of independent thinking and problem solving ability which could be helpful to them for job prospective	<ul style="list-style-type: none"> <li>- Various memorandum of understanding were done with the pharmaceutical industries for the training of students.</li> <li>- On the basis of feedback various lectures have been conducted through industry- institute collaborations for the benefits of students.</li> <li>- Soft skill development course was introduced through value added course for of the benefit students.</li> </ul>
4	Alumni feedback showed that some more various types of activities should be conducted in our institute for the benefits of students.	Various activities were conducted in the department such as National Pharmacy Week, World Pharmacist etc. for the benefits of students.

## **ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK**

Feedback summary points and the respective action taken for the feedback are tabulated below:

<b>S. No.</b>	<b>Key Points Raised</b>	<b>Action Taken</b>
1	Faculties suggested incorporation of virtual / e-learning content.	The department will focus on the usage of e- content and its development.
2	Students requested for PowerPoint based lecture theatres/ sessions	After discussion with authorities, ICT enabled lecture theatres were allotted for classes and faculty were encouraged to use multimedia presentation as mode of lecture delivery.

11. The practicals enable to develop experimental, design, problem solving and analytical skills of the students	60%	30%	10%	0	0	4.5

Credits allocation is appropriate

Course content is adequate

Syllabus to bridge the gap between industry standards / current global scenarios

Possibly timely coverage of syllabus

Syllabus properly sequenced

Textbooks are adequate

Sufficient reference material and books

Pre-requisite courses

Curriculum inculcates necessary communication skills, ethical values

Experiments stimulate the interest of students and understanding

Practicals enable to develop experimental, design, problem solving and analytical skills

Average Rating for Feedback by Faculty of B.Sc (H) Physics – 2019-20

## Summary of Analysis

Most of the faculty members are fully agreed / satisfied with all the points given, However, some of the faculty members reported that the time slot is short to cover the entire syllabus during the II Semester due to Covid-19 pandemic.

Professor & Head Department of Physics  
T. A. University, M. S.

13. The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experiential learning).		44%	25%	31%	0%	0%

The syllabus was challenging.

The allocation of the credits to the course is appropriate in relation to the level of course work

The depth of the course content is adequate in relation to the expected Course Outcomes (COs).

Almost entire syllabus was covered in the class by the teacher

The units/sections in the syllabus are properly sequenced.

Syllabus equipped me with necessary technical skills to face the industry

The syllabus enabled me to improve my ability to formulate, analyze and solve problems.

Syllabus inculcated necessary communication skills, ethical values and concern for the society

The recommended textbooks are adequately available and map onto the syllabus

Opportunities provided for self and extra learning in this semester

The electives offered are relevant to the specialization streams and to the technological advancements

Aptness of examination pattern & evaluation scheme

The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experiential learning).

Average Rating for Feedback by Students of B.Sc (H) Physics – 2019-20

## Summary of Analysis

Students are mostly satisfied with almost all the points, but they found the opportunities provided for self and extra learning in this semester was not appropriate i.e. they need more extra classes for doubt clearing.

Almost entire syllabus was covered in the class by the teacher

The units/sections in the syllabus are properly sequenced.

Syllabus equipped me with necessary technical skills to face the industry

The syllabus enabled me to improve my ability to formulate, analyze and solve problems.

Syllabus inculcated necessary communication skills, ethical values and concern for the society

The recommended textbooks are adequately available and map onto the syllabus

Opportunities provided for self and extra learning in this semester

The electives offered are relevant to the specialization streams and to the technological advancements

Aptness of examination pattern and evaluation scheme

The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning).

Average Rating for Feedback by Students of M.Sc (H) Physics – 2019-20

## Summary of Analysis

Students are mostly satisfied with all the points but they found the opportunities provided for self and extra learning in this semester was not appropriate i.e. they need more extra classes for doubt clearing and for laboratory classes also. Students also want more contents to be included in the theory subjects specially from NET/GATE syllabus.

Professor & Head Department of Physics  
GLA University, Mathura

## ACTION TAKEN REPORT ON STACKHOLDES FEEDBACK

**For B.Sc. & M.Sc. (Physics)**

S. No	Feedback received from various stakeholders	Action proposed / taken
01	Faculty suggest more hours to complete the course during II Semester (Covid-19 Pandemic)	As per the remarks of faculty members for short of hours to cover the entire syllabus properly during Covid-19 Pandemic, it was decided that faculty involved in teaching should devote some extra hours on each Saturday to complete the entire syllabus.
02	Students demand extra hours for doubt clearing of both (theory & lab)	It was also decided that faculty involved in teaching should devote some extra hours on each Saturday to complete the entire syllabus and also to clear the doubts.
03	M.Sc. Students demand for revision of few topics in one of the courses namely Statistical Mechanics.	As per the demand of 1 <sup>st</sup> Batch of M.Sc. Students, the course contents of this subject (Statistical Mechanics) based on the syllabus of NET/GATE examinations will be incorporated in the next academic year 2021-22.

## Feedback analysis and Action taken

### M. Sc. Chemistry

#### Key suggestions received from the students and faculties:

- Overall, the course structure is good
- Restructuring of Physical Chemistry course is required

#### Action Taken:

- The syllabus of Physical Chemistry was restructured in 4<sup>th</sup> BOS meeting held 13<sup>th</sup> April 2019.

### B. Sc. Chemistry

#### Key suggestions received from the students and faculties:

- The course structure is very good but slight reshuffling is required e.g., Stereochemistry is repeated in both General Chemistry - II and Organic Chemistry - I.
- Further modifications some papers are required little exhaustive so matter can be condensed.

**Action taken:** The syllabus of some courses was restructured in 4<sup>th</sup> BOS meeting held 13<sup>th</sup> April 2019.
