MESSAGE

I am happy to know that GLA University, Mathura is organizing a Seminar on Organic Farming on 29th May, 2018. I have also learnt that the University has adopted five villages of Mathura District and is promoting organic farming among the farmers.

This is indeed a very good initiative. Organic farming has now a days crucial as it aims to produce food while establishing an ecological balance. This practice also benefits the farmers by reducing production costs.

Best wishes to GLA University, Mathura for this good endeavour.
