Total Item Investigations - The total number of times a content item or information related to a content item was accessed.

Total Item Requests - The total number of times the full text of a content item was downloaded or viewed.

Article Request (NON-COUNTER) - The number of documents requested from the server.

Page Views - The number of pages viewed on a Web site.

Searches Run - Reports the number of keyword searches performed.

Visits - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.

Dear Sir/Madam,

Thanks for your patronage to SCC Online Web Edition.

We are in receipt of your emails & calls regarding Usage Report/ Statistics for SCC Online Web Edition.

IP Access - Usage Report – SCC Online

Please note that we have recently updated our IP Access Management System & we are currently in testing phase for the report generation feature from the new system. We are unable to generate accurate Usage Report from this new system. Also the numbers extracted may not be complete & Usage Figures may be grossly under reported. Our technology team is working on enhanced accuracy level of the reports. As desired, please find below the "Usages Report" for the period Jan 1, 2020 till Sept 30, 2021.
