

Career Counselling

Career Counselling is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. It is really a lifelong process, where throughout your life you will change, situations will change, and you will continually have to make career and life decisions. The goal of Career Counselling is not only to make you competent in decision making but also enhance knowledge and skills for bright career. Various skills that can be learnt via career counselling help the students to develop a problem-solving attitude which can be supportive in resolving their career queries. Students can learn a lot more through communication skills. With the help of a counsellor, Students can pursue research on themselves to explore new opportunities according to the latest trends. Career counsellor always guide the concerned student about having patience and also assist them to learn about listening skills, exploring different careers options, gaining expert advice on careers, setting career pathway goals, saving on costs etc. The GLA University offers diversified courses such as: engineering, management, pharmacy, law, or studying basic science courses etc. Several departments have variety of courses/guest lectures/ seminars or tutorials/panel discussion/Interactive sessions/short term courses/ to motivate the students and help them to choose their career.
