

6.3.3 Number of professional development / administrative training programmes organized by the University for Teaching and Non Teaching staff during the year 2016-2017

Serial No	Academic session	Name of the organising department	Name of the event	Resource Person	Number of participants	For Teaching/Non-Teaching	Date	Page Number (Hyperlinked)
1	2016-17	Department of Civil Engineering	Professional Development Programme on C-Language	Mr. Mohit Sharma	9	Teaching	20.10.2016 to 25.10.2016	4
2	2016-17	Department of Civil Engineering	Professional Development Programme on primavera Training	Mr. Hemant Singh Parihar	9	Teaching	10.04.2017 to 15.04.2017	11
3	2016-17	Department of Civil Engineering	Professional Development Program on Structural Analysis and Design using STADD Pro	Mr. Hemant Singh Parihar	9	Teaching	05.12.2016 to 09.12.2016	20
4	2016-17	Chemistry	The Future of the Chemistry Laboratory Course	Prof. D.K. Das	40	Teaching/Non-Teaching	17.03.2017 to 17.03.2017	28
5	2016-17	Institute of Pharmaceutical Research	Recent Advancement in Drug Designing Approaches	Prof. Sushant Kumar Shrivastava, Associate Professor, BHU	15	Teaching	10.09.2016 to 10.09.2016	35
6	2016-17	Institute of Pharmaceutical Research	Application of Nanoparticulate system in Targeted Drug Delivery	Prof. RK Khar, Head, Anangpuriya Institute of Pharmacy, Faridabad	12	Teaching	29.04.2017 to 29.04.2017	41
7	2016-17	Institute of Pharmaceutical Research	FDP on Sophisticated Analytical Instruments	Prof. Pradeep Mishra	18	Teaching	03.10.2016 to 08.10.2016	47
8	2016-17	Department of English	Creative Ways of Teaching Vocabulary and Language Skills	Prof.. Elango Kandan	55	Teaching	30.11.2016 to 30.11.2016	53
9	2016-17	Department of English	Research Paper Writing	Prof Pashupati Jha	20	Teaching	27.05.2017 to 28.05.2017	60
10	2016-17	Department of English	A Two-day Training on English Language Skills for Communication	Prof. Shreesh Chaudhary	8	Teaching	03.08.2016 to 04.08.2016	68
11	2016-17	Department of English	PDP on DTE - 16	Prof. Rajesh Kumar, IIT Madras	10	Teaching	25.07.2016 to 05.08.2016	75
12	2016-17	Department of English	Phonetics and Phonology	Prof Rajneesh Arora	25	Teaching	23.05.2017 to 28.05.2017	81
13	2016-17	Electronics and Communication Engineering	Professional Development Program on Technical Report writing and authoring of Research Manuscript using Latex	Dr. Prashant S. Rana	20	Teaching	12.05.2017 to 13.05.2017	86
14	2016-17	Electronics and Communication Engineering	Professional Development Program on Image Processing and its Application	Mr. Ashish Kumar Dhara	10	Teaching	01.10.2016 to 02.10.2016	91
15	2016-17	Electronics and Communication Engineering	Professional Development Program on Circuit Simulation using LTSpice	Mr. Gaurav Kumar Sharma	12	Teaching	10.12.2016 to 10.12.2016	96
16	2016-17	Institute of Business Management	Professional Development Programme on Basics to Advanced Investment Management Strategies	Prof. Nawal Kishore, IGNOU, New Delhi	15	Teaching	04.07.2016 to 05.07.2016	102
17	2016-17	Institute of Business Management	Professional Development Programme on Qualitative Research Methods	Dr. Bhavesh Joshi, MRIU.	18	Teaching	18.09.2016 to 19.09.2016	107
18	2016-17	Institute of Business Management	Workshop on Application of Data Analytics Tools in Research	Dr. Rakesh Kumar Yadav, IFTM University, Moradabad.	20	Teaching	02.01.2017 to 04.01.2017	112
19	2016-17	Institute of Business Management	Professional Development Programme on Intellectual Property Rights in Technology Transfer and Economic Growth	Dr. Rakesh Kumar Yadav, IFTM.	15	Teaching	22.05.2017 to 22.05.2017	117
20	2016-17	Institute of Business Management	PDP on What you believe you can achieve	Mr Sharath Nair	20	Teaching	12.10.2020 to 13.10.2020	122
21	2016-17	Institute of Business Management	PDP on Fostering Knowledge and Professional Skills of Faculty	Dr. Aruna Dhamija, Mr. Ritesh Sharma, GLA University, Mathura	24	Teaching	13.08.2016 to 13.08.2016	128
22	2016-17	Institute of Business Management	ATP on Task Scheduling And Stress Minimization At Workplace	Dr. Kapil Bansal and Dr. Mini Jain, GLA University, Mathura	28	Non-Teaching	15.10.2016 to 15.10.2016	134
23	2016-17	Institute of Business Management	PDP on Effective Inclusion of ICT in Modern Day Teaching	Mr. Krishanveer Singh and Mr. Amit Kumar, GLA University, Mathura	22	Teaching	02.04.2017 to 02.04.2017	141
24	2016-17	Institute of Business Management	ATP on Basic Technological Skills for Daily Office Management	Mr. Vijay Kumar and Mr. Pragalbh Sharma, GLA University, Mathura	26	Non-Teaching	15.04.2017 to 15.04.2017	147

6.3.3 Number of professional development / administrative training programmes organized by the University for Teaching and Non Teaching staff during the year 2016-2017

Serial No	Academic session	Name of the organising department	Name of the event	Resource Person	Number of participants	For Teaching/Non-Teaching	Date	Page Number (Hyperlinked)
25	2016-17	Institute of Business Management	ATP ON Happiness at Work	Mr. Trilok Pratap Singh and Ms. Manisha Goswami	21	Non-teaching	17.12.2016 to 17.12.2016	153
26	2016-17	Mechanical Engineering	Two day workshop on analysis of fluid flow and heat transfer problem with ANSYS	Dr Rajesh Kumar	40	Teaching and Non-teaching	12.08.2016 to 13.08.2016	159
27	2016-17	Mechanical Engineering	Two day workshop on robotics and embedded system	Mr Akash Raj	35	Teaching and Non-teaching	30.09.2016 to 01.10.2016	165
28	2016-17	Mechanical Engineering	One day "Workshop on Environment awareness towards smoke, fire and other hazardous conditions"	Mr. Pankaj Sonia, GLA University, Mathura	12	Non-Teaching	13.02.2017 to 13.02.2017	171
29	2016-17	Mechanical Engineering	Two Days workshop on Summer School on Basic Communication Skills	Mr. Shashank Srivastava, GLA University, Mathura	10	Non-Teaching	29.05.2017 to 30.05.2017	177
30	2016-17	Mechanical Engineering	Four days short term training program on CNC milling and turning "Programming and Practices"	Mr. Abhay Singh Poswal and Mr. Prashant Sharma	26	Teaching	13.10.2016 to 16.10.2016	183
31	2016-17	Computer Science and Engineering	Workshop on Research Paper Writing and Publication Ethics" (Technically Sponsored by IEEE , IEEE Uttar Pradesh Section, IEEE Computer Society GLA University Student Branch Chapter & IEEE U.P. Section Young Professional Affinity Group)	Prof. J.Ramkumar (Prof. IIT Kanpur) Prof. S.N.Singh (Prof. IIT Kanpur) Er. Dhanukumar Pattanashetti Prof, Anirudha Pradhan	88	Teaching	24.09.2016 to 24.9.2016	189
32	2016-17	Computer Science and Engineering	Faculty Development Program on Data Structures & Algorithms	Mr. Saurabh Anand	30	Teaching	22.10.2016 to 23.10.2016	196
33	2016-17	Computer Science and Engineering	Winter School on Python	Mr. Piyush Khandelwal	15	Teaching	26.12.2016 to 30.12.2016	199
34	2016-17	Computer Science and Engineering	Workshop on Advances in image and video processing	Prof. R. Balasubramanian(IIT Roorkee) Prof. Rajeev Srivastava(IIT BHU) Mr. Neeraj Gupta Mr. subhash Agarwal Mr. Piyush Vashistha	23	Teaching	29.04.2017 to 30.04.2017	202
35	2016-17	Computer Science and Engineering	Workshop on Web Server and FTP Server using IIS (Internet Information Services)	Mr. Brij Kisshor Verma	14	Non-Teaching	01.10.2016 to 01.10.2016	211
36	2016-17	Computer Science and Engineering	Workshop on installation Ubuntu (Single boot, Dual Boot and Partition managing)	Mr. Ravindra Pratap Singh	19	Non-Teaching	08.10.2016 to 08.10.2016	216
37	2016-17	Computer Science and Engineering	Workshop on Database Management System	Mr. Rahul Pradhan	19	Non-Teaching	15.10.2016 to 15.10.2016	221
38	2016-17	Computer Science and Engineering	Workshop on data mining algorithms and their scalability in cloud environments	Prof Raj K Bhatnagar	32	Teaching	19.12.2016 to 19.12.2016	226
39	2016-17	Physics	Two Days Conference on New Trends in Physics-I Organized by Department of Physics, GLA University, Mathura	Prof. B. R. K. Gupta	67	Teaching	19.12.2016 to 20.12.2016	231
40	2016-17	Physics	One day Conference on Frontiers of Physics	Dr. Dharm Veer Singh	30	Teaching	16.04.2017 to 16.04.2017	237
41	2016-17	Department of Electrical Engineering	Industrial Automation Systems	Vikas Rohilla, Sonepar India	12	Teaching	14.02.2017 to 15.02.2017	244
42	2016-17	Department of Electrical Engineering	Workshop on Robotics & Embedded Systems - 8051	Prashant Kumar, Karkhana Makerspace	22	Teaching	15.10.2016 to 16.10.2016	250
43	2016-17	Department of Electrical Engineering	Application of Power Electronics in Modern Railways – Bullet Trains	Prof. S. C. Kapoor	16	Teaching	03.02.2017 to 03.02.2017	256
44	2016-17	Education	Student management and Administration	Dr. Narendra Singh	63	Teaching	12.10.2016 to 12.10.2016	262
45	2016-17	Education	Understanding the Self	Dr. Shakuntala nagpal, Dr.Kusumlata	98	Teaching	07.10.2016 to 08.10.2016	266
46	2016-17	Mathematics	Recent Trends in Algebra and related Topics with Applications	Dr. Mohammad Ashraf	36	Teaching	06.10.2016 to 06.10.2016	272

6.3.3 Number of professional development / administrative training programmes organized by the University for Teaching and Non Teaching staff during the year 2016-2017

Serial No	Academic session	Name of the organising department	Name of the event	Resource Person	Number of participants	For Teaching/Non-Teaching	Date	Page Number (Hyperlinked)
47	2016-17	Mathematics	Talk on Algebraic Coding Theory	Dr. Muzibur Rahman Mozumdar	29	Teaching	16.12.2016 to 16.12.2016	278
48	2016-17	Mathematics	Guest Lecture on Recent Advancement in Partial Differential Equation	Dr. Sanjay Kumar Pandey	20	Teaching	17.03.2017 to 17.03.2017	284

DATE: 20-25 Oct, 2016 | Time 11:00 AM– 04:00 PM

Programme Schedule of the PDP

Venue: CAD Laboratory, Academic Block –VIII, GLA University Mathura

Day 1, 20 October, 2016		
9.00 AM to 10.00 AM: REGISTRATION		
10.05 AM to 10.10 AM	Welcome of the Guests	
10.10 AM to 10.20 AM	Lightening of the Lamp	
10.20 AM to 10.30 AM	Introduction to the Programme	Anchor
10.30 AM to 10.40 AM	Address of the Head of Deptt.	Prof. P.K. Basudhar
10.40 AM to 10.50 AM	Pro Vice Chancellor Address	Prof. A. M. Agrawal
10.50 AM to 11.00 AM, High Tea, Room No. 219 AB-VIII		
EXPERT TALKS		
11.00 AM to 12.30 AM	Introduction of Arithmetic operators	Mr. Mohit Sharma
12:30 PM to 1:00 PM Lunch Break		
1:00 PM to 2:30 PM	Lab Session	Mr. Mayank Mrinal
2:30 PM to 2.50 PM, High Tea, Room No. 219 AB-VIII		
2:50 PM to 4:00 PM	Introduction of Unary operators	Mr. Mohit Sharma
Day 2 (21 October, 2016)		
10:00 AM to 11:30 AM	Switch Cases	Mr. Mayank Mrinal
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Mohit Sharma
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of loop	Mr. Mayank Mrinal
Day 3 (22 October, 2016)		
10:00 AM to 11:30 AM	Introduction of Function	Mr. Mayank Mrinal
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Mohit Sharma
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of Recursion	Mr. Mayank Mrinal
Day 4 (23 October, 2016)		
10:00 AM to 11:30 AM	Introduction of Array	Mr. Mayank Mrinal
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Mohit Sharma
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of 2 D Array	Mr. Mayank Mrinal

Day 5 (24 October, 2016)		
10:00 AM to 11:30 AM	Introduction of String and Create Program using String	Mr. Mayank Mrinal
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Mohit Sharma
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 3:00 PM Vote of Thanks		

Report

Title: Professional Development program on C Language

Objectives:

The course is designed to provide complete knowledge of C language. Participants will be able to develop logics which will help them to create programs, applications in C. Also by learning the basic programming constructs they can easily switch over to any other language in future.

Speaker and Resource Person: Mr. Mohit Sharma and Mr. Mayank Mrinal

Venue: CAD lab

Organized by: Department of Civil Engg.

Faculty Coordinator: Mr. Mohit Sharma

Outcome:

Participants will be able to develop logics which will help them to create programs, applications in C. Also by learning the basic programming constructs they can easily switch over to any other language in future. Learning Outcomes: After the completion of this course, the participants will be able to develop applications.

Summary:

The course has been inaugurated by Prof. P.K. Basudhar (Head, Department of Civil Engineering, GLA University, Mathura). Mr. Mohit Sharma, Assistant Professor, address the participants and discussed about C Language. The subsequent session is handled by Mr. Mohit Sharma, Assistant Professor. He describes how to set up our system environment before we start doing our programming using C language. The session on last day is handled by Mr. Mayank Mrinal, Assistant Professor, in this session he discussed about array. He discussed that an array is used to store a collection of data, but it is often more useful to think of an array as a collection of same type. Finally, Prof. P.K. Basudhar (Head department of Civil Engineering), announced the successful completion of FDP by his vote of thanks to all participants and congratulate all the members of organizing team.

Programme Schedule of the PDP

Venue: CAD Laboratory, Academic Block –VIII, GLA University Mathura

Day 1 (10 April, 2017)		
9.00 AM to 10.00 AM: REGISTRATION		
10.05 AM to 10.10 AM	Welcome of the Guests	
10.10 AM to 10.20 AM	Lightening of the Lamp	
10.20 AM to 10.30 AM	Introduction to the Programme	Anchor
10.30 AM to 10.40 AM	Address of the Head of Deptt.	Prof. Sarvesh Chandra
10.40 AM to 10.50 AM	Pro Vice Chancellor Address	Prof. A. M. Agrawal
10.50 AM to 11.00 AM, High Tea, Room No. 219 AB-VIII		
EXPERT TALKS		
11.00 AM to 12.30 AM	Project Management Life cycle	Mr. Hemant Singh Parihar
12.30 PM to 1:00 PM Lunch Break		
1:00 PM to 2:30 PM	Lab Session (Creation of enterprise Project structure)	Mr. Hemant Singh Parihar
2:30 PM to 2.50 PM, High Tea, Room No. 219 AB-VIII		
2:50 PM to 4:00 PM	Enterprise Project structure	Mr. Hemant Singh Parihar
Day 2 (11 April, 2017)		
10:00 AM to 11:30 AM	Organization Breakdown structure	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of Work Breakdown structure	Mr. Hemant Singh Parihar
Day 3 (12 April, 2017)		
10:00 AM to 11:30 AM	Introduction to Relationship	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of Resources and Baseline	Mr. Hemant Singh Parihar
Day 4 (13 April, 2017)		
10:00 AM to 11:30 AM	Introduction of earn Value Analysis	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar

1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Introduction of 2 D Array	Mr. Hemant Singh Parihar
Day 5 (14 April, 2017)		
10:00 AM to 11:30 AM	Introduction of Reports	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 3:00 PM Vote of Thanks		

Report on Professional development program organized for teaching Staff from 10 to 15 April 2017

Title: Primavera software

Objectives:

The program is designed to provide basic knowledge of Primavera software. Participants will be able to Plan, schedule, and control large-scale programs and individual projects.

Speaker and Resource Person: Mr. Hemant Singh Parihar

Venue: CAD lab

Organized by: Department of Civil Engg.

Faculty Coordinator: Mr. Hemant Singh Parihar

Outcome:

All the participants gained the skills and knowledge of Plan, schedule, and control large-scale programs and individual projects

Summary:

A Six-day FDP on “**Professional development training program for teaching staff**” is organized by the department of Civil Engineering GLA University from April 10-15, 2017. In the beginning **Mr. Hemant Singh Parihar**, coordinator of FDP welcome guest and participants and briefly stated the objectives and schedule of program.

The workshop is started with inauguration session. The session is chaired by Prof. A.M. Agrawal (Pro vice chancellor, GLA University). In inauguration, Prof. A. M. Agrawal appreciates and thanks to organizing team for organizing workshop on a very important topic of waste management. Prof. Agrawal also focuses on the relevance of such type event in current pandemic conditions. **Prof. Sarvesh Chandra** (Head, Department of Civil Engineering, GLA University, Mathura) was also present. He shared his views on the importance of. primavera Training.

The workshop was held in different sessions. In first session, Mr, Hemant Singh Parihar of dept. of CE, discussed the importance of Primavera software. He discussed that products are designed to support the project management needs of organizations that manage large numbers of projects. Theoretical session is followed by practical session.

The session on Day-2 is also handled by Mr. Hemant Singh Parihar. In this session he discussed on how to define the enterprise project structure (EPS) that will be used to organize and manage the projects in

our organization. In addition, He told that Primavera explains how to develop, create, and add projects to Enterprise Project Structure. It is followed by practical session.

on Day-3 session Mr. Hemant Singh Parihar discussed how to use global codes to organize project activities across an enterprise project structure (EPS) according to specific categories, such as product and division. He told how to use EPS-level activity codes to organize project activities. It is followed by practical session.

The session on Day-4 is handled by Mr. Hemant Singh. He discussed about how to create baselines and assign them to projects. Participants also learn how to modify a baseline, update a baseline with new data, and compare a project's current schedule Better decision making.

The session on Day-5 is handled by Mr. Hemant Singh Parihar he discussed about different layout types and explains how to create, open, save, export, and import layouts. It also describes how to copy and paste spreadsheet data to a Layout Examples.

The session on Day-6 is handled by Mr. Hemant Singh Parihar. In this session he discussed about Primavera proprietary exchange format (XER). It is used to back up or exchange project/resource/role data between project management databases.

Finally, Prof. Sarvesh Chandra (Head department of CE), announced the successful completion of workshop by his vote of thanks to all participants and congratulate all the members of organizing team.

DATE: 05-09 Dec, 2016 | Time 11:00 AM– 04:00 PM

Report on Professional Development program organized for teaching Staff During 05-09 December 2016

Title: Professional Development program on “Structural Analysis and Design using STADD Pro”

Objectives:

The course is designed to provide complete knowledge of STAAD PRO software for structural Analysis Design. Participants will be able to do Structural Analysis Design using this software.

Speaker and Resource Person: Mr. Hemant Singh Parihar

Venue: CAD lab

Organized by: Department of Civil Engg.

Faculty Coordinator: Mr. Hemant Singh Parihar & Mr. Mohit Verma

Outcome:

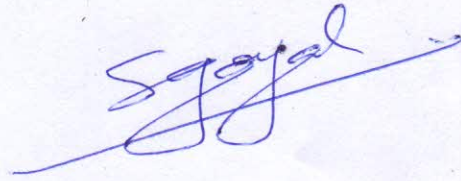

Participants will be able to develop logics which will help them to create programs, applications in C. Also by learning the basic programming constructs they can easily switch over to any other language in future. Learning Outcomes: After the completion of this course, the participants will be able to develop applications.

Summary:

With the passage of time and advancement in technology, people headed to cities from villages in pursuit of better occupations and luxurious lifestyles. As the cities ran out of space, it became problematic to accommodate the ever- increasing population. In this time of dilemma, civil engineers rose to the occasion and faced the challenge of providing accommodation to a large number of citizens in a limited space. Hence, the proposal of high-rise buildings was put forward. Some decades back, there were no softwares to carry out the analysis and design of high-rise buildings. With the progress of time, as computer softwares were developed, a new era of civil engineering dawned, which made it possible to analyze and design high-rise buildings. High-rise buildings are, however, susceptible to earthquakes. In addition, the effect of wind load also becomes more & more prominent with the increase in height of a structure. Therefore, precise analysis & design of such a structure should be carried out in order to avoid any future catastrophe. The robust and stable structural design under high seismic zone/wind condition is the challenge of structural Engineering. This FDP is aimed to elaborate the National and International code/procedure of design practices being followed for the design of high rise buildings under

stringent seismic and wind conditions. The hands on practice and demonstration of softwares like STAAD Pro, is the part of FDP. The FDP is useful for practicing structural engineers, faculty of structural engineering domain & consultants

The course has been inaugurated by Prof. Serves Chandra (Head, Department of Civil Engineering, GLA University, Mathura). Mr, Hemant Singh Parihar, Assistant Professor, address the participants and discussed about STAAD Pro. The subsequent session is handled by Mr. Mohit Sharma, Assistant Professor. He describes how to set up our system environment before we start doing our work in STAAD. Finally, Prof. Serves Chandra (Head department of Civil Engineering), announced the successful completion of FDP by his vote of thanks to all participants and congratulate all the members of organizing team.

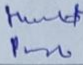

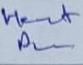

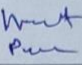

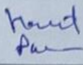

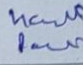

A handwritten signature in blue ink, appearing to read 'S. Serves Chandra', with a long horizontal line extending from the end of the signature.

Day 1, 05 December, 2016		
9.00 AM to 10.00 AM: REGISTRATION		
10.05 AM to 10.10 AM	Welcome of the Guests	
10.10 AM to 10.20 AM	Lightening of the Lamp	
10.20 AM to 10.30 AM	Introduction to the Programme	Anchor
10.30 AM to 10.40 AM	Address of the Head of Deptt.	Prof. P.K. Basudhar
10.40 AM to 10.50 AM	Pro Vice Chancellor Address	Prof. A. M. Agrawal
10.50 AM to 11.00 AM, High Tea, Room No. 219 AB-VIII		
EXPERT TALKS		
11.00 AM to 12.30 AM	Overall approach to the software - Introduction	Mr. Hemant Singh Parihar
12:30 PM to 1:00 PM Lunch Break		
1:00 PM to 2:30 PM	Lab Session	Mr. Hemant Singh Parihar
2:30 PM to 2.50 PM, High Tea, Room No. 219 AB-VIII		
2:50 PM to 4:00 PM	Getting started : Overview of the STAAD.Pro environment, Keyboard shortcuts, Documentation, Member local and global axis, etc.	Mr. Hemant Singh Parihar
Day 2 (06 December, 2016)		
10:00 AM to 11:30 AM	Modelling : Creating model objects, Properties and specifications, Supports, etc.	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Overview of the IS Codes : IS 875 (Part 1 & 2) – For calculation of Dead load and Live load – Application of load in STAAD.Pro	Mr. Hemant Singh Parihar
Day 3 (07 December, 2016)		
10:00 AM to 11:30 AM	Overview of the IS Codes : IS 875 (Part 3) : 2015 – For wind force estimation for low rise and tall structures – Application of load in STAAD.Pro	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Overview of the IS Codes : Limit state design as per IS 800:2007 – part 1	Mr. Hemant Singh Parihar
Day 4 (08 December, 2016)		

10:00 AM to 11:30 AM	Overview of the IS Codes : Limit state design as per IS 800:2007 – part 2 – Features available in STAAD.Pro	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 4:00 PM	Overview of the IS codes : IS 1893 (Part 1) :2016, IS 13920, IS 1893 (Part 4) : 2015 - Part 1 and features available in STAAD.Pro	Mr. Hemant Singh Parihar
Day 5 (09 December, 2016)		
10:00 AM to 11:30 AM	Loads : Load application for Dead load, Live load, Wind load, Seismic load, etc., Create load list, load combinations, etc. in STAAD.Pro	Mr. Hemant Singh Parihar
11:30 AM to 11.50 AM, High Tea, Room No. 219 AB-VIII		
11:50 AM to 01:30 PM	Lab Session	Mr. Hemant Singh Parihar
1:30 PM to 2.30 PM, Lunch, Room No. 219 AB-VIII		
2:30 AM to 3:00 PM Vote of Thanks

2:50 PM – 3:00 PM	Vote of Thanks	Dr. Vivek Sharma Associate Head of Department of Chemistry

Report in Professional development program organized for teaching staff

on 17th March 2017

Title: The Future of the Chemistry Laboratory Course.

Objectives:

When lab experiences are presented as part of a standard laboratory course, they do not assist students to gain a deeper knowledge of chemical principles. Student responses to surveys and interviews indicate that, despite repeated emphasis by the lab teacher on the importance of lab experiences in enhancing comprehension of chemistry, they are more concerned with learning laboratory procedures than with comprehending chemistry itself. Therefore, laboratory course should be revised to incorporate weekly, separately planned hrs. for student discussion of topics, data analysis, and reflection on the laboratory conducted by a teaching assistant.

Speaker and resource person: Prof. D.K. Das, GLA University, Mathura

Venue: Room No.211, VIIth Block

Organized by: Department of Chemistry, GLAU

Faculty coordinator: Dr Vivek Sharma

Outcome The participants gained skills and knowledge, pertaining to advancement in the field of current medicinal chemistry trends

Summary: The professional development program on current trends in general chemistry was organized on 17th 2017, at GLA University Mathura. The speaker has an expertise in chemical science, covering the areas of chemistry including current developments in rational materials design, synthetic chemistry, bioorganic chemistry, sensors chemistry etc.

A total of 40 participants had joined the session and certificates were provided to them. At the end of the session vote of thanks was delivered by Dr Vivek Sharma (Faculty Coordinator of this program).

Title: Recent Advancement in Drug Designing Approaches

Objectives:

Program to serve as a congregating platform for the exchange of knowledge challenges in the field of drug design. To discuss the new technologies in drug discovery. To discuss the principles of ligand-based drug designs and pharmacophore modeling. To discuss approaches in structure-based drug design including docking, de novo design and fragment-based drug discovery.

Speaker and Resource Person: Prof. Sushant Kumar Shrivastava, Associate Professor, BHU

Venue: IPR, GLA University

Organized By: Institute of Pharmaceutical Research.

Faculty Coordinator: Ms. Neetu Agarwal

Outcome:

The participants came to understand about challenges in the field of drug design as well as about the new technologies in drug discovery and the principles of ligand-based drug designs and pharmacophore modeling. Moreover, they came to know about the approaches in structure-based drug design including docking, de novo design and fragment-based drug discovery

Summary:

Professional development program on **Recent Advancement in Drug Designing Approaches** was organized on 10 September 2016. A total of 15 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Meenakshi Bajpai (Professor and Head, Institute of Pharmaceutical Research). Prof. Sushant Kumar Shrivastava, Associate Professor, BHU explained recent advancement in drug designing approaches. At the end of the session vote of thank was delivered by Ms. Neetu Agarwal (Faculty Coordinator of this program).

**Report on Professional development program organized for teaching
Staff on 3-8 October 2016**

Title: Sophisticated Analytical Instruments

Objectives:

Sophisticated analytical instruments are essential in the evaluation, estimation and characterization of all intermediates, active pharmaceutical ingredients and pharmaceutical formulation. The main objective of this program, to understand the fundamentals as well as working and demonstration of various analytical instruments like HPLC, FTIR, UV spectrophotometer and Brookfield viscometer.

Speaker and Resource Person: Prof. Pradeep Mishra, Director, Institute of pharmaceutical Research, GLA University, Mathura

Venue: IPR, GLA University

Organized By: Institute of Pharmaceutical Research.

Faculty Coordinator: Prof. Meenakshi Bajpai

Outcome:

As sophisticated analytical instruments are essential in the evaluation, estimation and characterization of all intermediates, active pharmaceutical ingredients and pharmaceutical formulation as well as they have a wide use/scope in the field of pharmaceutical research, so the participants came to understand about fundamentals as well as working and demonstration of various analytical instruments like HPLC, FTIR, UV spectrophotometer and Brookfield viscometer.

Summary:

Professional development program on **Sophisticated Analytical Instruments** was organized on 3-8 October 2016. A total of 18 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Meenakshi Bajpai (Professor and Head, Institute of Pharmaceutical Research). Prof. Pradeep Mishra, Director, Institute of pharmaceutical Research, GLA University, Mathura explained and demonstrated various sophisticated analytical instruments (HPLC, FTIR, UV spectrophotometer and Brookfield viscometer) which are used in estimation, evaluation and characterization of various intermediates, APIs and formulations. At the end of the session vote of thank was delivered by Prof. Meenakshi Bajpai (Faculty Coordinator of this program).

Report on Professional Development Program organized for teaching staff on Nov 30, 2016

Title: Creative Ways of Teaching Vocabulary and Language Skills

Objectives:

Vocabulary helps to nurture and nourish language. The matrix of language and use varies on the Kachruvian model. Sometimes we might get stuck with the ways of teaching but language can never be understood in isolation. It can be way better understood when learning is blended with cultural practices.

Speaker and Resource Person: Prof. Elango Kandan, Professor and Head (Formerly), Anna University

Venue: Offline

Organized By: Department of English

Faculty Coordinator: Dr. Ravi Prakash Dubey

Outcome:

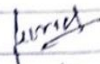

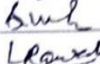

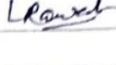

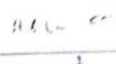

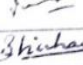

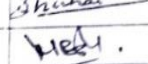

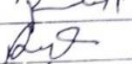

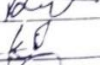

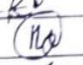

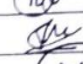

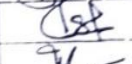

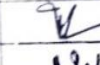

All the participants gained the skills and knowledge pertaining to advancements in language teaching, prognostic testing, vocabulary building methodology and teaching ways.

Summary:

Professional development program on **Creative Ways of Teaching Vocabulary and Language Skills** was organized on 30 November 2016. A total of 30 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Nitin Bhatnagar (Head Department of English). Prof. Elango Kandan, Professor (Formerly), Anna University, Chennai explained the recent design and application trends of language teaching. At the end of the session vote of thanks was delivered by Dr. Ravi Prakash Dubey (Faculty Coordinator of this program).

Report on Professional Development Program organized for teaching staff on 27-28 May 2016

Title: 'Research Paper Writing'

Objectives:

Vocabulary helps to nurture and nourish language. The matrix of language and use varies on the Kachruvian model. Sometimes we might get stuck with the ways of teaching but language can never be understood in isolation. It can be way better understood when learning is blended with cultural practices.

Speaker and Resource Person: Prof. Pashupati Jha, Professor & Head (Formerly), IIT Roorkee

Mode: Onsite [Department of English]

Organized By: Department of English

Faculty Coordinator: Dr. Nitin Bhatnagar

Outcome:

All the participants gained the skills and knowledge pertaining to advancements in language teaching, prognostic testing, vocabulary building methodology and teaching ways.

Summary:

Professional development programme on '**Research Paper Writing**' was organized from 27 to 28 May 2017. A total of 20 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Nitin Bhatnagar. Prof. Pashupati Jha, Professor (Formerly), IIT Roorkee explained the 'Feasibility of Topics for Research Thesis/Paper' and application trends of writing research. At the end of the session vote of thanks was delivered by Dr. Avishek Deb.

Report on Professional development program organized for teaching staff on 3-4 August 2016

Title: A Two-day Training on Communication and English Language Skills

Objectives:

The major objective of the workshop was to modify the teaching methodology according to the placement oriented academics' motif of the university. The testing patterns of the recruiting companies were brought into consideration while having the amendments.

Speaker and Resource Person: Prof. Shreesh Chaudhary, Professor (Formerly), IITM

Venue: Offline

Organized By: Department of English

Faculty Coordinator: Dr. Nitin Bhatnagar

Outcome:

A plethora of activities were discussed with the objective of teaching enhancement in the workshop that included Paper KnickKnac activity, game of swapping, match stick drawing, listing, cross word, puzzles, text identification, guessing the object, use of pictures etc.

These activities were found to be promoting enthusiasm among students and involving them in successfully participating in the language learning process.

Summary:

Following are the presentations that were made by the participants of the B.Tech. I Year English Administering Workshop.

Mrs. Shiva Durga with her excellent ambidextrous drawing skills emphasized the use of match stick drawing and other hand sketched pictures in the class room. Along with that she also suggested the use of enlisting and guessing the object in the comprehension of nouns.

Dr. Richa gave a brilliant presentation on the use of articles. She mentioned several activities that were based on the discussion of the experiences of the students such as their vacations. She also stressed the importance of filling the blanks and role play as methods of learning articles.

Report on Professional Development Program organized for teaching Staff on 25 July - 5 Aug, 2016

Title: DTE Workshop – 16

Objectives:

Language has many objectives but understanding the intricacies of grammar through professional learning is essential.

Speaker and Resource Person: Prof. Rajesh Kumar

Venue: Offline

Organized By: Department of English

Faculty Coordinator: Dr. Ramanjaney Upadhyay

Outcome:

All the participants gained the skills and knowledge pertaining to advancements in language teaching, prognostic testing, vocabulary building methodology and teaching ways.

Summary:

The ten day workshop at the department of English GLA University concluded with the lecture of Prof from IIT Madras. GLA University, Mathura. Aug 5, 2016. The GLA University organized a ten-day workshop for the teachers of the department of English which concluded with an analytical talk given by Prof. Rajesh Kumar, Department of English, IIT Madras. The workshop was organized as a self-training programme to promote the best teaching-learning system in the department of English. It aimed to devise new techniques of teaching English Language; or to select those which could be better than others. The first day of the workshop was coordinated by Dr. Braj Mohan and the last day by Mr. Ramajaneya Upadhyay. The focus of studies and activities during the ten-day workshop was on: development of writing, speaking, listening and reading skills; the principles of grammar in the current scenario was to maintain the dignity of teacher-student relationship; importance of physical fitness for teaching and learning: Ways to effectively handle the questions of the students; removal of the element of hesitation in the usage of English Language in the personal and professional life etc. On the final day of the workshop, Prof Rajesh Kumar from the Department of English, IT Madras, enumerated on many new ways of second language acquisition. He highlighted that the effort and process that goes on in the learning of our first language is unique in nature; and the study of the above process could come as handy in the process of second language acquisition. Mr. Ramajaneya Upadhyay, Assistant HOD gave the vote of thanks to all the members for actively participating in the workshop. He also thanked Prof Rajesh

Kumar for visiting the university and making the workshop lively. Prof. Nitin Bhatnagar, Head, Department of English and Prof Anoop Kumar Gupta, Director of Institute of Applied Science and Humanities congratulated the department of English on the successful organization of the workshop. The eminent teachers present at the workshop were Prof. Shreesh Chaudhary, Dr. Ravi Prakash Dubey, Dr. Swati G. Shukla, Ms. Manju Bhartola, Dr. Vivek Mehrotra, Mr. Abhishek Jaiswal, Mr. Avishek Deb, Mr. Shiladitya Bhattacharya and Dr. Pinak Sankar Bhattacharya.

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains the text "GLA UNIVERSITY" around the top and "ANUPUR" around the bottom, with a central emblem featuring a tree and a book.

Report on Professional Development Program organized for the teaching staff from May 23-28, 2017

Title: PDP on 'Phonetics and Phonology'

Objectives:

Language is borne of sounds but understanding the matrix of phonology in daily professional learning is essential. The communication especially focuses on listening and speaking.

Speaker and Resource Person: Prof. Rajneesh Arora

Mode: Onsite [Department of English]

Organized By: Department of English

Faculty Coordinator: Prof. Nitin Bhatnagar

Outcome:

All the participants gained the skills and knowledge pertaining to advancements in language teaching, prognostic testing, vocabulary building methodology and communicative ways.

Summary:

Prof. Rajneesh Arora was the resource person of the PDP on 'Phonetics and Phonology' from 23 May to 28 May, 2017. In the event of 'Phonetics and Phonology', he spoke on sounds, phonemes and phonology. The participants focused on the articulation of the 44 speech sounds. They learnt the classification of the vowel sounds and discussed the short and long vowels. The goal was to make audience aware of English sounds, develop their understanding for English sounds and pronunciation. The objective was to engage the audience-cum-teachers in proposing newer methods of benefitting students in English pronunciation.

Title: Technical Report writing and authoring of Research Manuscript using Latex

Objectives:

- Introduction and Installation of LaTeX
- Resume / CV writing.
- Synopsis / Report writing.
- Thesis writing.
- Article writing using Template (IEEE/Elsevier).
- Presentation preparation.
- Miscellaneous: Adding Table, Figures, Equations, Mathematical Expressions and Reference Management.

Speaker and Resource Person: Dr. Prashant S. Rana, Assistant Professor, Thapar University, Patiala. He has expertise in the domain of Machine Learning and Data Mining, Modelling and Simulation, Parallel Algorithms, Optimization, Computational Biology.

Venue: VLSI Lab (Room No. 3013, AB-2)

Organized By: Department of Electronics and Communication Engg.

Faculty Coordinator: Mr. Anjan Kumar, Mr. Gaurav Kumar Sharma

Outcome:

All the participants gained the skills and knowledge of Introduction and Installation of LaTeX, Resume / CV writing, Synopsis / Report writing, Thesis writing, Article writing using Template (IEEE/Elsevier), Presentation preparation, Adding Table, Figures, Equations, Mathematical Expressions and Reference Management.

Summary:

Professional development program on PDP on **Technical Report writing and authoring of Research Manuscript using Latex** was organized on 12-13 May 2017. A total of 20 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vinay Kumar Deolia (Head Department of Electronics and Communication Engineering). Dr. Prashant S. Rana explained the detailed mechanism of Introduction and Installation of LaTeX, Resume / CV writing, Synopsis / Report writing, Thesis writing, Article writing using Template (IEEE/Elsevier), Presentation preparation. At the end of the session vote of thank was delivered by Mr. Anjan Kumar(Faculty Coordinator of this program).

Schedule of workshop on Circuit Simulation using LTspice

Time	Day : Friday 10 Dec 2016
10:00-10:30	Registration
10:30-11:00	Inaugural Function (Venue: Dept. Library, AB II, GLA University)
11:00-11:15	Insight of the course
11:15-11:30	High Tea
11:30-12:30	Introduction to LTspice, circuit designing
12:30- 13:30	Lunch
13:30-14:30	Introduction to various simulations like transient, DC, AC, DC Sweep
14:30-16:00	BJT Configuration and biasing
16:00-16:15	Tea Break
16:15-17:00	MOSFET Configuration and biasing
17:00-17:15	Certificate Distribution

Report on Professional development program organized for teaching
Staff on 10 Dec 2016

Title: Circuit Simulation using LTSpice

Objectives:

- Design of diode-based circuits: Rectifiers, clippers, clampers, voltage regulators
- DC and transient Analysis
- BJT configurations and biasing
- MOSFET configurations and biasing

Speaker and Resource Person: Mr. Gaurav Kumar Sharma, Assistant Professor, GLA University

Venue: Cad Lab -3013

Organized By: Department of Electronics and Communication Engg.

Faculty Coordinator: Mr. Dheeraj Kalra

Outcome:

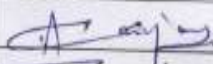

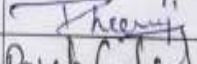

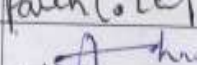

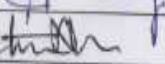

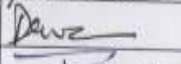

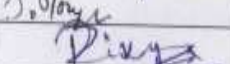

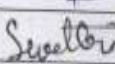

All the participants gained the knowledge of circuit design and simulation using LTSpice software.

Summary:

Professional development program on **Circuit Simulation using LTSpice** was organized on 10 Dec 2016. A total of 12 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vinay Kumar Deolia (Head Department of Electronics and Communication Engineering). All the participants had learned the basics of circuit designing and simulation. At the end of the session vote of thank was delivered by Mr. Dheeraj Kalra (Faculty Coordinator of this program).

Report on Professional development program organized for teaching **Staff on 04-05 July, 2016**

Title: Basics to Advanced Investment Management Strategies

Objectives:

As the global pandemic continues to upend nearly every aspect of our lives, the stock market veers from one extreme to the other. Investment professionals and portfolio managers are finding themselves awash in a sea of conflicting market signals and unprecedented uncertainty. Investment Strategies and Portfolio Management is essential for anyone who wants a clear-eyed view of investing in the time of crisis and how to come out on top.

Speaker and Resource Person : Prof. Nawal Kishore, IGNOU, New Delhi
Venue : Ground Floor Conference Hall, Academic Block-V
Organized by : Institute of Business Management
Faculty Coordinator(s) : Mr. Avnish Sharma

Outcome:

In this program, participants will create optimal investment portfolios that suit their needs and solidly accommodate risk, including small-probability risk. They will also learn how to critically evaluate investment management options using new data. This program is designed to help investment professionals and financial advisors interpret and understand the market data and capitalize on the investment opportunities that are emerging today.

Summary:

Professional development program on **Basics to Advanced Investment Management Strategies** was organized on 04 – 05 July, 2016. A total of 15 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vikas Tripathi (Head Department of Institute of Business Management). Prof. Nawal Kishore, IGNOU, New Delhi explained the Basics to Advanced Investment Management Strategies. At the end of the session vote of thank was delivered by Dr. Avnish Sharma (Faculty Coordinator of this program).

Report on Professional development program organized for teaching Staff on 18-19 September, 2016

Title: Qualitative Research Methods

Objectives:

The objective of this programme is to emphasize on the broad range of techniques available in research methods and data analytics for academicians, practitioners and researchers from interdisciplinary domains.

Speaker and Resource Person : Dr. Bhavesh Joshi, MRIU.
Date : 18-19 September, 2016
Venue : Third Floor Conference Hall, Academic Block-V
Organized by : Institute of Business Management
Faculty Coordinator(s) : Mr. Sanjeev Chauhan

Outcome:

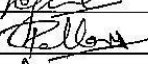

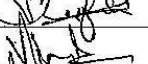

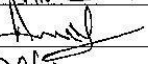

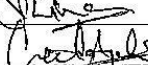

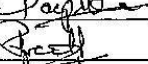

The programme will address issues in research methods and data analytics like selection of appropriate analytical tools, right software, interpretation of outputs and effective report writing.

Summary:

Professional development program on **Qualitative Research Methods** was organized on 18-19 September, 2016. A total of 18 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vikas Tripathi (Head Department of Institute of Business Management). Dr. Bhavesh Joshi, MRIU explained the Qualitative Research Methods. At the end of the session a vote of thank was delivered by Mr. Sanjeev Chauhan (Faculty Coordinator of this program).

Report on Workshop organized for teaching Staff on 02-04 January, 2017

Title: Workshop on Application of Data Analytics Tools in Research

Objectives:

To address challenges and opportunities in the field of research, and to help researchers conduct research in an accurate and meaningful way, numerous software products have been developed. SPSS is one of the most popular software used by researchers widely as SPSS has enabled academicians and researchers to obtain valuable information from the data. Basic knowledge of SPSS is vital for all users before they proceed to surveys and data analyses.

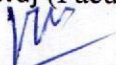

Speaker/Resource Person : Dr. Rakesh Kumar Yadav, IFTM University, Moradabad.
Date : 02 – 04 January, 2017
Venue : Third Floor Conference Hall, Academic Block-V
Organized by : Institute of Business Management
Faculty Coordinator(s) : Mr. Shivam Bhardwaj

Outcome:

This three-day workshop is for beginners with little or no experience in SPSS for Windows who want to acquire the skills and knowledge on getting started with SPSS. Another popular software being in demand these days is "R" which enables researchers to implement a wide variety of statistical and graphical techniques, including linear and nonlinear modelling, classical statistical tests, time-series analysis, classification and clustering etc.

Summary:

Workshop on Application of Data Analytics Tools in Research was organized on 02 – 04 January, 2017. A total of 20 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vikas Tripathi (Head Department of Institute of Business Management). Dr. Rakesh Kumar Yadav, IFTM University, Moradabad explained the Application of Data Analytics Tools in Research. At the end of the session vote of thank was delivered by Mr. Shivam Bhardwaj (Faculty Coordinator of this program).

Title: Professional Development Programme on Intellectual Property Rights in Technology Transfer and Economic Growth

Objectives:

The present programme is intended for faculty to provide quality training and research, develop teaching capacity and also to help in the process of successful creation and utilization of IPR.

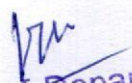

Speaker/Resource Person : Dr. Rakesh Kumar Yadav, IFTM.
Date : 22 May, 2017
Venue : Third Floor Conference Hall, Academic Block-V
Organized by : Institute of Business Management
Faculty Coordinator(s) : Mr. Shivam Bhardwaj

Outcome:

This programme in turn helps the faculty to disseminate the information to educate and empower the youth who are an inevitable asset of our nation.

Summary:

Professional Development Programme on Intellectual Property Rights in Technology Transfer and Economic Growth was organized on 22 May, 2017. A total of 15 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vikas Tripathi (Head Department of Institute of Business Management). Report on Professional development program organized for teaching Staff on 12-13 October 2016

Title: What you believe you can achieve

Objectives:

Learn how your beliefs shape your world; find out which beliefs you have that hold you back and how to overcome them. Our beliefs are created over our lifetime, particularly in our formative years. As children we are programmed to form belief systems about ourselves and the world around us which help us make decisions and navigate through life.

Speaker and Resource Person: Mr Sharath Nair (Accounts receivable manager, Accenture)

Venue: Ground Floor Conference Hall, Academic Block-V

Organized by: Institute of Business Management

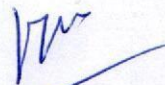

Faculty Coordinator(s): Ms Aneesya Sharma

Outcome:

Some of the beliefs we hold about ourselves and the world around us are inaccurate and unhelpful. This workshop will help you identify self-limiting beliefs and will provide an opportunity to reassess and update them to a more accurate and helpful belief. Primarily these beliefs come from our primary caregivers and other significant people such as teachers, close friends and wider cultural beliefs, values and expectations.

Summary:

Professional development program on what you believe you can achieve was organized on 12 – 13 October, 2016. A total of 20 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Vikas Tripathi (Head Department of Institute of Business Management). Mr Sharath Nair (Accounts receivable manager, Accenture) explained how you can achieve the goals of the life. At the end of the session vote of thank was delivered by Aneesya Sharma (Faculty Coordinator of this program).

Report on Professional Development Program organized for Teaching Staff on 13 Aug 2016

Title: Fostering Knowledge and Professional Skills of Faculty

Objectives:

When it comes to learning, the importance of great teachers can't be underestimated, not least because teachers have a significant influence on student achievement. Almost everyone can name a teacher who stands out in their memory because they were particularly engaging, encouraging or inspiring. Hence, the aim of this PDP is to improve the participants' skill and knowledge pertaining to better teaching pedagogy.

Speaker and Resource Person: Dr. Aruna Dhamija and Mr. Ritesh Sharma GLA University, Mathura

Venue: Conference Hall (Ground Floor), Academic Block V

Organized By: Institute of Business Management

Faculty Coordinator: Mr. Trilok Pratap Singh

Outcome:

All the participants gained the skills and knowledge pertaining to better teaching pedagogy.

Summary:

Professional development program with the theme of "Fostering Knowledge and Professional Skills of Faculty", was organized on 13th August 2016. The key resource person for the event were Dr. Aruna Dhamija, Associate Professor, Institute of Business Management, GLA University, who gave her address on the subtheme of "Fostering Knowledge At Modern Day Workplace" and second resource person Mr. Ritesh Sharma, Assistant Professor, Institute of Business Management, GLA University, spoke on the subtheme of "Managing Professional Skills Of Faculty Members". About 24 faculty members participated in this professional development program. A wide range of topic from gaining knowledge to acquiring various professional skills in the field of education were discussed upon by the participants.

Report on Administrative Training Program
organized for Non-teaching Staff on 15 Oct 2016

Title: Task Scheduling And Stress Minimization At Workplace

Objectives:

Effective stress management helps you break the hold stress has on your life, so you can be happier, healthier, and more productive. The ultimate goal is a balanced life, with time for work, relationships, relaxation, and fun—and the resilience to hold up under pressure and meet challenges head on. But stress management is not one-size-fits-all. That's why it's important to experiment and find out what works best for you. Hence, the aim of this ATP is to improve the participants' skill and knowledge pertaining to stress management and time management.

Speaker and Resource Person: Dr. Kapil Bansal and Dr. Mini Jain, GLA University, Mathura

Venue: Conference Hall (First Floor), Academic Block V

Organized By: Institute of Business Management

Faculty Coordinator: Mr. Trilok Pratap Singh

Outcome:

All the participants gained the skills and knowledge pertaining to handle their stress better and to manage their time well.

Summary:

On 15th October, 2016, The Institute of Business Management (UG)? Organised an Administrative Training Program with the theme of "Task Scheduling And Stress Minimization At Workplace". The key resource speakers for this event were Dr. Kapil Bansal, (Assistant Professor, Institute of Business Management, GLA university), who gave his opinions and insights on the subtheme off "Efficient Task Scheduling At Modern Day Workplace" and the second the source person Dr. Mini Jain, Assistant Professor, Institute of Business Management, GLA university spoke on the subtheme of "Managing Stress At Workplace To Increase Efficiency". About 28 faculty members and admin staff members participated in this program. A wide range of topic from understanding the importance of scheduling the task as per the priority and learning methods of stress minimizations were discussed. The vote of thanks was delivered

by the faculty coordinator Mr. Trilok Pratap Singh (Assistant Professor, IBM-UG, GLA University, Mathura.

Report on Professional Development Program organized for Teaching Staff on 04 Feb 2017

Title: Effective Inclusion of ICT in Modern Day Teaching

Objectives:

The use of ICTs as presentation tools (through overhead and LCD projectors, television, electronic whiteboards, guided "web-tours", where students simultaneously view the same resources on computer screens) is seen to be of mixed effectiveness. While it may promote class understanding of and discussion about difficult concepts (especially through the display of simulations), such uses of ICTs can re-enforce traditional pedagogical practices and divert focus from the content of what is being discussed or displayed to the tool being utilized. Hence, the aim of this PDP is to improve the participants' skill and knowledge pertaining to the use of ICT while teaching.

Speaker and Resource Person: Mr. Krishanveer Singh and Mr. Amit Kumar, GLA University, Mathura

Venue: Conference Hall (Ground Floor), Academic Block V

Organized By: Institute of Business Management

Faculty Coordinator: Mr. Trilok Pratap Singh

Outcome:

All the participants gained the skills and knowledge pertaining to use of ICT for better and effective teaching.

Summary:

Professional Development Program with the theme of "Effective Inclusion of ICT in Modern Day Teaching", was organized on 4th February 2017. The key experts for the event were Mr. Krishanveer Singh, Assistant Professor, Institute of Business Management, GLA University, who gave his address on the subtheme of "Effective Inclusion of ICT" and second resource person Mr. Amit Kumar, Assistant Professor, Institute of Business Management, GLA University, spoke on the subtheme of "Application of ICT in Modern Day Teaching".

About 22 faculty members participated in this professional development program. Topic ranging from various ways of inclusion of ICT in modern education to finding innovative ICT to make education more efficient were discussed by the speakers.

Report on Administrative Training Program
organized for Non- Teaching Staff on 17th December, 2016

Title: Happiness at Work

Objectives:

The programme was designed to train and develop teaching and administrative staff members of different department of university for the development of complete Persona to make themselves be more happy at the workplace.

Speaker and Resource Person Mr. Trilok Pratap Singh and Ms. Manisha Goswami, GLA University, Mathura

Venue: Conference Hall (Ground Floor), Academic Block V

Organized By: Institute of Business Management

Faculty Coordinator: Mr Trilok Pratap Singh

Outcome:

- Participants were made to realize the importance of happiness in life as well as at workplace in order to have more productive environment at office.
- All Participants gained an insight about the current prevailing challenging situation at workplace and understood the key importance of having happy atmosphere for better coordination among the fellow employees.
- All were made to focus on the importance of developing the sense of having happiness in almost every work we perform be it at office or at work, doing so will improve our standard of Life.

Summary:

The Institute of Business Management, GLA University, has organized one-day online Administrative Training Program on 17th December 2016 on the theme "Happiness at Work" wherein intellectual academicians delivered expert talks on various topics related to the theme. The programme was designed to train and develop teaching and administrative staff members of different department of university for the development of complete Persona to make themselves be more happy at the workplace.

The inaugural Session of the Administrative training Programme was graced by Hon'ble Pro-Vice-Chancellor, Prof. A M Agrawal; HoD, IBM-UG, Prof. Somesh Dhamija and Prof Aruna Dhamija.

The programme was conducted in two sessions. The first session was addressed by Mr. Trilok Pratap Singh on theme "Creating Happiness at Work". He emphasized on the need of staying happy with the general office surrounding in order to improve work related efficiency.

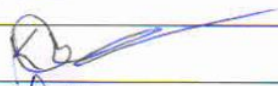

Ms. Manisha Goswami expressed her views on topic "Happiness: Unique Approach". She shared her experience of understanding the advantages of staying happy and spreading happiness around the office to make our work easy and efficient.

Vote of thanks was delivered by the faculty coordinator Mr. Trilok Pratap Singh Chauhan

**Report on Professional development program organized for teaching
Staff on 12/08/2016**

Title:Two days workshop on "Analysis of fluid flow and heat transfer problem with ANSYS"

Objectives:

The computer simulation of fluid mechanics and heat transfer problems is widely used in industries. The simulation results in prediction of the flow fields in the domain of interest are very useful in the design and optimization of processes and equipment. ANSYS become widely used and universally accepted software in many academic and industrial sectors. This workshop offers excellent guidance on how to write CFD codes and to use ANSYS simulation-software. The increasing importance of CFD simulation-software .The program will be also encourage faculty to carrying out research in based on simulation-software. This course will develop an understanding of the numerical techniques, so that software can be used smartly.

Speaker and Resource Person:Dr. Rajesh Kumar ,NIT Kurukshetra.

Venue:Department of Mechanical Engineering.

Organized By:Department of Mechanical Engineering.

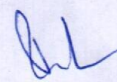

Faculty Coordinator:Mr. Sanjeev Kumar Gupta

Outcome:

All the participants gained the knowledge and develop an understanding of the numerical techniques and will enhance research in based on simulation.

Summary:

Professional development program on Engineering Problem Solving Approaches was organized on 12/08/ 2016. A total of 40 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Piyush Singhal, (Head Department of Mechanical Engineering). Dr. Rajesh Kumar provides excellent guidance on how to write CFD codes and to use ANSYS simulation-software and its utility as heat transfer and fluid flow problem solving tool. At the end of the session vote of thank was delivered by Mr. Sanjeev Kumar Gupta(Faculty Coordinator of this program).

Event Name: **Two days workshop on "Robotics with Embedded System"**

Date of Event: **30.09.2016**

Number of Participates: **35**

The poster has a vibrant background with blue and purple wavy patterns. In the top left corner is the GLA University Mathura logo, which includes a crest with a book and a lamp, and the text 'GLA UNIVERSITY MATHURA' and 'Recognized by UGC Under Section 2(f)'. The main title 'Two Days Workshop on Robotics with Embedded System' is written in a large, bold, purple font. Below the title, on the right, is a yellow banner with the text 'Resource person:'. Underneath this banner is a circular portrait of Mr. Akash Raj, a man with a mustache wearing a pink shirt and tie. To the right of his portrait, his name 'Mr. Akash Raj' is written in a large, bold, black font, followed by 'Robosapiens Technologies' in a smaller black font. On the left side, another yellow banner reads 'Event Coordinator:'. Below this is a circular portrait of Mr. Vijay Kr. Dwivedi, a man with a mustache wearing a dark suit and tie. To the right of his portrait, his name 'Mr. Vijay Kr. Dwivedi' is written in a large, bold, black font, followed by 'Department of Mechanical Engineering' in a smaller black font. At the bottom left, the date 'Date: Sep. 30 to Oct. 01. 2016' is written in a large, bold, red font. On the right side of the poster, there is a large, detailed image of a white humanoid robot with blue glowing eyes and hands, set against a background of blue and white digital patterns.

**Report on Professional development program organized for teaching
Staff on 30.09.2016**

Title:Two days workshop on "Robotics with Embedded System"

Objectives:

With the growing demand for automation in industries, the knowledge of robotics with embedded system, are increasingly required for engineering professional. Robots have now been developed to accomplish all kinds of tasks both large and small .The Embedded Systems are computer systems that perform the actions, such as monitoring, responding and controlling external movement.This system has the ability to control real time devices that are in use today, in industries for domestic as well as commercial purpose Hence, the aim of this PDP is to improve the participants' knowledge pertaining to working real time devices based on of robotics with embedded system.

Speaker and Resource Person:Mr. Durga Prasad, Senior Research Engineer Techtron Technologies.

Venue:Department of Mechanical Engineering.

Organized By:Department of Mechanical Engineering.

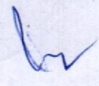

Faculty Coordinator: Mr. Vijay Kumar Dwivedi

Outcome:

All the participants gained the knowledge pertaining to working of robots with embedded system.

Summary:

Professional development program on software training program on Solid Works was organized on 30/09/2016. A total of 35 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Piyush Singhal, (Head Department of Mechanical Engineering) and Mr. Durga Prasad on day first talks about the type of digital circuits and how to build the integrated circuit and on second day he discuss about the importance of robotics and their uses in devices that are in use today, in industries for domestic as well as commercial purpose. At the end of the session vote of thank was delivered by Mr. Vijay Kumar Dwivedi (Faculty Coordinator of this program).

Report on Training Program Organized For Non-Teaching Staff

On Feb. 13, 2017

Title: One day "Training Program on Environment awareness towards smoke, fire and other hazardous conditions"

Objectives:

Environmental awareness is an incredibly important part of our lives. In order to protect the sustainability of the planet, everyone needs to commit to becoming more environmentally aware. Environmental degradation is detrimental and is jeopardizing the long-term health and security of animals, plants and humans. Today environmental degradation is a matter of great concern. Scarcity of water, increasing levels of wastes, air pollution, and global warming are some common issues of which pose a great threat to the environment. It provides food, shelter, air, and fulfills all the human needs whether big or small. In addition, it also helps in maintaining various life cycles on earth. Environment awareness towards smoke, fire and other hazardous conditions is the very lean topic towards the protection of our environment from various unwanted conditions such as fumes, smoke, fire etc. Every person was very enthusiast to know the importance of this workshop. Every person lives smoothly and feel happy to enhance their life activities. Our coming generation will also feel good and ultimately a healthy environment will create in all around. To create the safe environment-to safe and protect our forth coming generation. Hence, the aim of this workshop is to improve the participants' awareness and knowledge pertaining to environment and its sustainability.

Speaker and Resource Person: Mr. Pankaj Sonia, GLA University, Mathura.

Venue: Department of Mechanical Engineering

Organized By: Department of Mechanical Engineering

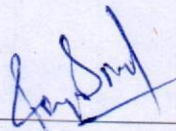

Non-Teaching Staff Coordinator: Mr. Manoj Kumar Agrawal

Outcome:

All the participants gained the awareness and knowledge pertaining to Environment safety precautions.

Summary:

One day workshop on Environment awareness towards smoke, fire and other hazardous conditions was organized on Feb. 13, 2017. A total of 12 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Associate Prof. Dr. Manoj Kumar Agrawal (Additional Controller of Examinations). Prof. Piyush Singhal, (Head Department of Mechanical Engineering), explained the advantages towards the environment safety. Mr. Pankaj Sonia given his emphasis to sustain the eco-friendly system. At the end of the session vote of thank was delivered by Mr. Pankaj Sonia (Coordinator of this program).

Report on Training Program Organized For Non-Teaching Staff

On May 29 to May 30, 2017

Title: Two Days "Training Program on Summer School on Basic Communication Skills"

Objectives:

The summer months are a perfect time to fulfill required courses in a short amount of time. The supporting staff will be able to gain essential information needed to help them with other required courses needed for their major. This course enables non-teaching staff to develop and strengthen their communication skills, which is an essential skill in many situations. Staff can enhance their written and non-verbal communication skills while learning the art of oral presentation. Most communication courses involve technical writing, public speaking, presentation preparation and inter-personal communications. The fundamental skill of communication can be used to strengthen relationships needed to further one's career in any given field. Strong communication skills are a sign of intelligence and show that a person has mastered their field of expertise. Although a Course in Communication can be beneficial for staff members focusing on self-development, it is essential for people pursuing a career in online production, television, film, journalism, advertising, media law, teaching, marketing, business and government offices.

Speaker and Resource Person: Mr. Shashank Srivastava, GLA university, Mathura.

Venue: Department of Mechanical Engineering.

Organized By: Department of Mechanical Engineering

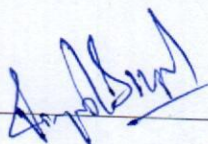

Non-Teaching Staff Coordinator: Mr. Manoj Kumar Agrawal

Outcome:

All the participants gained the basic knowledge pertaining to Communication Skills used in day-to-day life activities.

Summary:

Two days workshop on Summer School on Basic Communication Skills was organized on May 29-May 30 2017. A total of 10 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Nitin Bhatnagar, Dept. of English along with Associate Prof., Dr. Manoj Kumar Agrawal (Additional Controller of Examinations). Prof. Piyush Singhal, (Head Department of Mechanical Engineering), explained the advantages towards communication and basic skill. Mr. Shashank Srivastava given the emphasis to know the basic communication to maintain the daily life skill at each level. At the end of the session vote of thank was delivered by Mr. Shashank Srivastava (Non-Teaching Staff Coordinator of this program).

Report on Professional development program organized for teaching Staff on 13/10/2016

Title: Four days short term training program on CNC milling and turning “Programming and Practices”

Objectives:

The CNC machines are widely used in industries specialty for mass production and to provide flexible manufacturing system. This workshop offers excellent guidance on how to write CNC milling and turning programming and to use those programs to create complex surfaces. This training enhance the awareness about manufacturing using CNC machines and also improves the capability of effectively handle CNC Machines and perform various machining operations. The program also includes the hands on experience to CNC turning and milling machines.

Speaker and Resource Person: Mr. Abhay Singh Poswal and Mr. Prashant Sharma , MSME, Agra.

Venue: Department of Mechanical Engineering and

Organized By: Department of Mechanical Engineering.

Faculty Coordinator: Mr. Bharat Singh

Outcome:

All the participants gained the knowledge and better understanding of CNC milling and turning operation and improves the capability of writing the CNC milling and turning programming and will enhance research in based on machining.

Summary:

Four days short term training program on term training program on CNC milling and turning “Programming and Practices” was organized on 13/10/ 2016. A total of 26 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Piyush Singhal, (Head Department of Mechanical Engineering). Mr. Abhay Singh Poswal provides excellent guidance on how to write CNC milling programs with codes and its utility as FMS tool whereas Mr. Prashant Sharma talk about the CNC turning and its programming . The two days session at GLA University is followed by two days exposure of CNC machine and practices at MSME PPDC Agra. At the end of the session vote of thank was delivered by Mr. Bharat Singh (Faculty Coordinator of this program).

Mr. Pawan Verma

INTRODUCTION

Tech Focus is a one day technical training workshop focusing on developing research awareness for beginners (post-graduate students, research scholars and young academicians / faculty). The event will cover talks/interactive sessions from eminent dignitaries on topics like Plagiarism, Research Paper Writing, Effective Patent Writing etc. The session will also include an Open Discussion Forum and networking session focusing on pursuing research as career beyond graduation / post-graduation, current challenges and constraints faced by young professionals.

RESOURCE PERSONS

- **Prof. J. Ramkumar**
Professor IIT Kanpur, Chairperson, IEEE UP Section, India
- **Prof. S. N. Singh**
Professor IIT Kanpur
- **Er. Dhanukumar Pattanashetti**
IEEE Client Services and University Partnership Program Manager, Bangalore
- **Prof. Aniruddha Pradhan**
Dean R&D, GLA University, Mathura

ELIGIBILITY

Faculty, Student, Research Scholar, from academic institutions, research organizations, Engineers from industries, Government / Semi-Government agencies.

REGISTRATION FEES

Corporate Executives/ Professionals:	INR. 1500/-
Academicians/ Research Scholar / Students CSI/IEEE Members:	INR. 500/-
Academicians/ Research Scholar / Students CSI Non Members:	INR. 600/-

Note: Registration Fee includes Attendance to Workshop, Workshop Kit, Tea & Snacks and Lunch.

ONLINE REGISTRATION LINK & PAYMENT INFORMATION

**2016 IEEE R10 U.P. Section Young Professionals
Student Transition and Elevation Partnership Program (STEP)**

"TECH-FOCUS"

**A One Day National Workshop on
'Research Paper Writing and Publication Ethics'
held at GLA University, Mathura on 24 September 2016**

We take this proud privilege to announce the formation of Young Professionals Affinity Group in IEEE UP Section recently in the month of May, 2016. As the opening activity of this affinity group under UP Section, this event "TECH-FOCUS" has been hosted as YP Student Transition and Elevation Partnership Program (STEP) ---- in the form of A One Day National Workshop on "Research Paper Writing and Publication Ethics".

Dignitaries (Various Speakers) on the dais.

Prof. (Dr.) J. Ramkumar, Chairman IEEE UP Section, Lighting the Lamp at Inauguration Ceremony.

The Department of Computer Engineering & Applications, GLA University, Mathura organized this workshop and was sponsored by IEEE Asia-Pacific (R10) Young Professionals STEP, IEEE U.P. Section Young Professional Affinity Group, IEEE CS GLAU student branch chapter. The activities in this workshop focussed towards developing research awareness for beginners (graduate students, research scholars and young academicians/faculty). The talks/interactive sessions have been conducted from eminent dignitaries on topics like Plagiarism, Research Paper

Writing, Patent filling issues etc. Lastly, the session concluded with YP group activity along with Open Discussion Forum, focusing on pursuing research as career beyond graduation, current challenges and constraints faced by young professionals.

The Chief Guest, Prof. (Dr.) S.N. Singh from IIT Kanpur and IEEE R10 CTS Coordinator, inaugurated the event along with Prof. (Dr.) J. Ramkumar, (Chairman, IEEE U.P. Section) also from IIT Kanpur, Mr. Dhanukumar Patansethi from IEEE Bangalore Section. The inaugural event was graced with the presence of GLA University's Pro-Vice Chancellor, Prof. Anand Mohan Agarwal, Prof. Anoop

Felicitations and Welcome of Chief Guest, Prof. (Dr.) S. N. Singh, IIT, Kanpur.

Prof. (Dr.) S. N. Singh, IIT, Kanpur, delivering his talk on topic "Effective Writing and Publishing Research Papers"

Kumar Gupta, Dean of Research and Development, Dr. Anirudh Pradhan, Head of Computer Engineering and Applications Department, Prof. Anand Singh Jalal and Prof. Dilip Kumar Sharma who lighted the lamp to initiate the workshop. The welcome speech was given by Prof. Anand Singh Jalal & the theme was introduced by Prof. Dilip Kumar Sharma. Dr. S.N. Singh during his inaugural address spoke about the five-point spells for good education. He mentioned

that academicians should be expert in TRPIP i.e. the Teaching, Research, Publication, Institutional and Professional activities. Pro-Vice Chancellor, Prof. A.M. Agarwal during his address to YP delegates mentioned that the subject of the workshop is very important a skill development. Because, a better and skilled presentation makes a research to claim national and international recognition.

Dr. Singh also gave a talk on the topic "Effective Writing and Publishing Research Papers", stating that in order to write a research paper the necessary content, language and the image content should be correctly analyzed and placed. Also, the usage of various tables and results for the comparative analysis and study should be used for enhancement of paper. He also added that by using the precise vocabulary one should appropriately define our research. It is equally important to summarize the results and key findings. Referral sources used should be appropriately cited and duly mentioned at the end of the research paper in a chronological order.

Prof. J. Ramkumar, delivered an expert talk on "Effective Patent Filing and Related Issues". He mentioned in his talk that patents in different countries are filed in a number of ways. In India, 20 years of patent term is certain. He stated in his discussions that a research paper can be well used for scientific identification and investigation of technical and social issues. The first writing experience may be scary but if one focuses and organizes his mind then this process can be made easier.

Later, Er. Dhanukumar Pattanashetti, spoke on "IEEE Xplore Digital Library: Delivering Research Better Than Ever" said that the in the age of information, knowledge is expanding rapidly. Today, every organization has a need for the digital library. In this way, students learn about new authors and get various information from these digital libraries, but due its no-availability in some institutions students are being left behind. During the workshop Prof. Sheerish Chowdhury delivered a lecture on "English for

Prof. (Dr.) Dilip Kumar Sharma, Secretary, IEEE UP Section, Distributing Certificates to Young Professionals.

Research Paper Writing". In his lecture, he mentioned that only with correct language, one can express the thoughts and views correctly to communicate a research. He discussed upon the relevance of language usage in research letters, articles, proposals and projects. Prof. Aniruddha Pradhan spoke on "Effective Research Proposal Writing and Related Issues". He emphasized upon need and relevance of a research grant proposal in R & D activity. Prof. Dilip Kumar Sharma delivered a lecture on the "IEEE Plagiarism Guidelines", that

plagiarism is a crime, which puts up questions on the research of academicians. He described it as the act when a research of another person is re-published without making any changes in it, which is an offence.

Lastly, a YP group activity was also conducted: wherein, the participants were divided into small teams of 5-8 each. The team consisted of a mixed group of faculty, scholars and students. A common team activity was assigned to all the groups and was given 10-15 minutes time and asked to pen down the major challenges faced by them in pursuing research or in defining their research problem? Each team was then asked to present the same verbally before host and the host gave them some solutions, guidelines or suggestions. The activity was concluded an open discussion forum for participants. The guests were given mementos by the official of the workshops as a memory of this YP event at GLA University. The Convener of the program was Dr. Dilip Kumar Sharma, co-convener was Mr. Ashish Sharma and YP Convenor, Mr. Vikrant Bhateja (SRMGPC, Lucknow). The program was managed by Deepali Pawar and Saurabh Anand wherein 90 YPs from 15 different educational institutions took part in this workshop. On this occasion Anant Ram, Dr. Manas Mishra, Nitin Tyagi, Shashi Shekhar, Rakesh Galab, Deepak Mangal, Neeraj Varshney, Saurabh Srivastava, Praveen Mittal, Kailash Kumar, Rahul Pradhan & Pushp Maheshwari gave their commendable cooperation.

Two Day National Workshop
on
Advances in Image & Video Processing
(AIVP-2017)

29th April - 30th April, 2017

<http://gla.ac.in/AIVP/>

Programme Schedule for the Workshop

Venue: Room No. 113, Academic Block-I, GLA University, Mathura

DAY 1 (Date: 29-04-2017), Saturday

08:00 AM to 9:00 AM: REGISTRATION

9:00AM to 9:08AM	Welcome of the Guests	
9:08AM to 9:10AM	Lightening of the lamp	
9:10AM to 9:15AM	Welcome address and about the program	Anchor
9:15AM to 9:25AM	Head of Department Welcome Address	Prof. Anand Singh Jalal
9:25AM to 9:35AM	Pro-Vice Chancellor Address	Prof. A.M. Agrawal
9:35AM to 9:45AM	Vice Chancellor Address	Prof. D.S. Chauhan

09:45 AM to 10:00 AM High Tea(Room 105 , Academic Block-I)

EXPERT TALKS

10 AM to 12: 30 PM	(1) Applications of Machine Learning (2) Big Multimedia Data Over Cloud (3) Optical flow problems in Video Analytics	Prof. R. Balasubramanian (IIT Roorkee)
--------------------	--	--

12:30 PM to 01:00 PM Lunch Break

01:00 PM to 03:30 PM	Application of Cancer Images	Prof. Rajeev Srivastava (IIT (BHU), Varanasi)
----------------------	------------------------------	---

03:30 PM to 03:45 PM High Tea (Room 105 , Academic Block-I)

03:45 PM to 05:45 PM	Lab Session	Mr. Neeraj Gupta, Mr. Subhash Agrawal and Mr. Piyush Vashistha
----------------------	-------------	--

DAY 2 (Date: 30-04-2017), Sunday

09:00 AM to 10:00 AM	Video Object Tracking	Prof. Anand Singh Jalal
----------------------	-----------------------	-------------------------

10:00 AM to 10:30 AM High Tea(Room 105 , Academic Block-I)

10:30 AM to 01:00 PM	Water Marking Application in Image Processing	Prof. Satish Chand (JNU, Delhi)
----------------------	---	---------------------------------

01:00 PM to 01:30 PM Lunch Break

01:30 PM to 02:30 PM	Fake Biometric Applications	Mr. Rohit Agrawal
----------------------	-----------------------------	-------------------

02:30 PM to 02:45 PM High Tea(Room 105 , Academic Block-I)

02:45 PM to 04:30 PM	Lab Session	Mr. Pragyesh, Mr. Rajesh Tripathi and Mr. Aamir Khan
----------------------	-------------	--

Vote of Thanks

**PROPOSED TOPIC FOR
TWO DAY WORKSHOP ON
ADVANCES IN IMAGE & VIDEO PROCESSING**

ABOUT THE WORKSHOP

Image processing is a growing research field where many revolutionary ideas and efficient algorithms have been developed over the past few decades.

The objective of this workshop is to introduce the participants to the world of Digital Image Processing and give an insight on how and where it can be used. This workshop will be useful to learn the fundamentals of Digital Processing of satellite image data and biomedical image data.

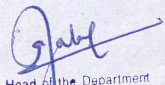

Hands on exercises with MATLAB and OPENCV software will open a door for programming in image processing. Exposure to recent concepts of Video Surveillance, Video Forgery, Satellite, Biomedical and Industrial image processing will also be possible during the workshop.

OBJECTIVES OF THE WORKSHOP

- To introduce the participants to Digital Image Processing and its applications
- To help researchers working in video surveillance, video forgery, biomedical, satellite image data and Industrial image processing.
- To help faculties teaching Digital Image Processing and expose them to its advanced applications
- To have an exposure to MATLAB & OPENCV tools for image processing

LECTURE TO BE COVERED

- Introduction to Digital Image Processing
- Application/Scope of Image Processing
- Biomedical Image Processing
- Video surveillance Application (Video Segmentation, Tracking, Classification, Activity Recognition and Behavior Analysis)
- Video forgery Application
- Satellite Image Processing (Terrestrial and Planetary)
- Industrial Image Processing
- Advances in Image Processing and its Application

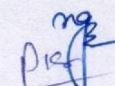

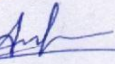

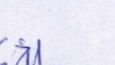

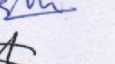

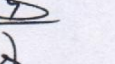

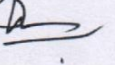

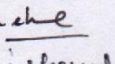

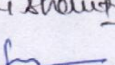

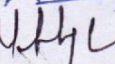

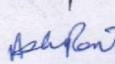

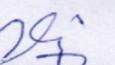

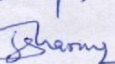

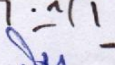

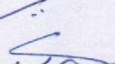

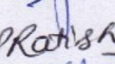

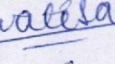

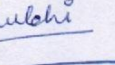

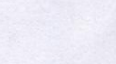

Head of the Department
Computer Engineering & Application
Institute of Engineering & Technology
GLA University, Mathura

LAB TO BE COVERED

- Image Processing using MATLAB
- Image Processing using OPENCV
- Biomedical Image Processing Experiments using OPENCV
- Video surveillance Application (Video Segmentation, Tracking, Classification, Activity Recognition and Behavior Analysis) Experiments using OPENCV
- Video forgery Application Experiments using OPENCV

**Web Server and FTP Server using IIS
(Internet Information Services)**

Organised by

Department of Computer Engineering and Applications

Date: 01st October, 2016(Saturday)

Timings: 11:00 AM onwards

Venue: Web Tech Lab Room No:318

Faculty Coordinator:
Mr.Ashish Sharma

Report on Workshop on Web Server and FTP Server using IIS (Internet Information Services) organized for non-teaching Staff on 1st Oct 2016

Date and Duration : 01st October 2016, 11:00 am to 02:00 pm

Resource Person : Mr. Brij Kishor Verma

Coordinator : Mr. Ashish Sharma

Highlights of Workshop:

- Client Server Architecture and working.
- IP Port and Access of server and services.
- Description of IIS, Web Server and FTP Server.
- Installation of IIS, Web server and FTP server.
- Configuration of Web server and FTP server.
- Hosting of Web pages and ftp files on server.

WORKSHOP ON

Ubuntu

(Single boot, Dual Boot and Partition managing)

Organised by

Department of Computer Engineering and Applications

Date: 08th October, 2016(Saturday)

Timings: 10:00 AM onwards

Venue: Web Tech Lab Room No:318

Faculty Coordinator:
Mr.Ashish Sharma

Report on Workshop on installation Ubuntu
(Single boot, Dual Boot and Partition managing)
organized for non-teaching Staff on 08 Oct 2016

Date and Duration : 08th October 2016, 10:00 am to 12:00 pm

Resource Person : Mr. Ravindra Pratap Singh

Coordinator : Mr. Ashish Sharma

Highlights of Workshop:

- About Ubuntu OS.
- MBR Information.
- Single Boot method Default installation.
- Dual Boot Method with Partition making.
- Making Partition table in sequence.
- Remove Ubuntu from dual boot system.
- Solution of grub error.

- Faculties(16)

Highlights of Event:

Information Retrieval and Data Mining Research Group, Department of Computer Engineering & Applications in association with CSI GLAU Student Branch/ Mathura Chapter, IEEE U.P. Section and IEEE Computer Society/IAS GLAU Student Branch Chapter organized Workshop on December 19, 2016. Prof. Raj Bhatnagar University of Cincinnati, Ohio, USA has visited to GLA University Mathura on December 19, 2016. He delivered Workshop on "Data Mining Algorithms and Their Scalability in Cloud Environments". Dr. Bhatnagar is professor of Computer Science at University of Cincinnati, Ohio, USA. In his Workshop he discussed about how big multinational IT firms using Cloud and its benefit to them, further he extend his discussion to how one can extend algorithm currently used in field of **DATA ANALYTICS** to new paradigms that will able to work with cloud and big data environment. He discussed about Google's Map Reduce paradigm that is widely used for programming and converting current algorithm for processing and analysis Big Data. Welcome address and introduction of speaker was given by Prof A S Jalal, HoD CEA Dept, the Workshop was co-ordinated by Prof. Dilip Kumar Sharma. Members of IR and DM research group Ashish Sharma, Rahul Pradhan, Deepak Mangal, Avinash Samuel, Aamir Khan and M. Tech. & PhD CSE scholars discussed their ongoing projects with Dr. Bhatnagar and benefited by his valuable situation.

Institute of Applied Sciences and Humanities

Department of Physics

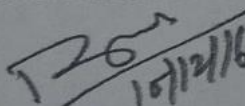

10th December, 2016

**To,
The Director, IAH
GLA University, Mathura**

Sub. : To organize Guest Lectures.

The department of Physics intends to organize two Guest Lectures of Prof. Pranawachandra C. Deshmukh, IIT Tirupati on 19-20th December, 2016 in IAH.

Prof. Pranawachandra C. Deshmukh has given his consent to deliver two lectures on the topics "An introduction to Classical and Quantum laws of nature" on 19th December, 2016 and "Complex behavior of Simple Systems" on 20th December, 2016 in the Department of Physics. Kindly accord permission for holding these two Guest Lectures in the department.

(B.R.K. Gupta)
HoD, Physics

Schedule

Day	Sessions				
19 Dec. 2016	Inauguration (10:00 AM-10:30 AM)	An Introduction to Classical and Quantum Laws of Nature Prof. Pranawachandra C. Deshmukh <i>IIT Tirupati</i> (10:30 AM-12:00 PM)	Students- Speaker Interaction (12:00 PM- 1:00PM)	Lunch (1:00 PM- 2:00PM)	Faculty- Speaker Interaction (3:00 PM- 4:00PM)
20 Dec. 2016	Complex Behavior of Simple Systems Prof. Pranawachandra C. Deshmukh <i>IIT Tirupati</i> (10:00 AM-11:30 AM)	Students-Speaker Interaction (12:00 PM-1:00 PM)	Lunch (1:00 PM- 2:00 PM)	Faculty- Speaker Interaction (3:00 PM- 4:00 PM)	Valedictory function (4:00 PM- 4:30 PM)

**Report on conference organized for teaching Staff on 19 Dec 2016 –
20 Dec 2016**

Title: Two days Conference on New Trends in Physics-I

Objectives:

The main outline of the talk emphasized onclassical and quantum laws governing the physical systems. Prof. Pranawachandra C. Deshmukh will talk about the classical and quantum laws of nature. Moreover, Speaker will discuss about the complex behavior of simple physical system in an elaborative manner.

Speaker and Resource Persons: Prof. Pranawachandra C. Deshmukh

Venue: AB-VII, Room No.-123

Organized By: Department of Physics

Faculty Coordinator: Prof. B. R. K. Gupta

Outcome:

All the participants gained the knowledgeabout the laws of classical and quantum physics. They were a fruitful discussion happened between the speaker and all the participants on the topic of complex behavior of simple systems.

Summary:

Institute of Applied Sciences and Humanities

Department of Physics

Guest Lecture organized : 19-20th December, 2016

Speaker : Prof. Pranawachandra C. Deshmukh, IIT Tirupati

Topic : (i) An introduction to Classical and Quantum laws of nature
(19th December, 2016)
(ii) Complex behavior of Simple Systems (20th December, 2016)

Two popular lectures are organized in the department of physics held on 19-20th December, 2016 by Prof. Pranawachandra C. Deshmukh, IIT Tirupati on the topics "An introduction to Classical and Quantum laws of nature" on 19th December, 2016 and "Complex behavior of Simple Systems" on 20th December, 2016 for Ph.D Scholars and Faculty members. The both lectures were also attended by students of the B.Tech I Year. A good interaction held between speaker and audience during the question hour session. The both lectures have been very informative for Ph.D Scholars and Faculty members who are engaged in research activity under Ph.D Programme of the Department.

The following faculty members, research scholars and B.Tech students attended the guest lecturer delivered by Prof. Pranawachandra C. Deshmukh.

Faculty of the Department

1. Prof. B.R.K. Gupta
2. Prof. Vinod Kumar
3. Prof. R.P. Singh
4. Prof. Anuj Vijay
5. Dr. Benoy Kumar Singh
6. Dr. Monika Goyal
7. Dr. Manoj Kumar Rana

Research Scholars

1. Mr. Biplab Sarkar
2. Ms. Pushlata
3. Ms. Sarita Sharma
4. Ms. Soni Sharma
5. Mr. Lokesh Kumar Sharma

The B.Tech I Year students also participated in the guest lecture session. A separate list of students who attended the lecture is enclosed.

16 April 2017	Inauguration (10:00 AM- 10:30AM)	Thermodynamics of Black Hole Dr. Dharm Veer Singh <i>Centre of Theoretical Physics, Jammia Mellia Islamia, New Delhi</i> (10:30 AM-12:00 PM)	Students- Speaker Interaction (12:00 PM- 12:30PM)	Lunch (12:30 PM- 2:00PM)	Introduction to Scalar-Tensor Gravity Dr. Vinod Kumar Bhardwaj, Department of Mathematics, GLA University, Mathura (2:00 PM-3:30 PM)	Students- Speaker Interaction (3:30 PM- 4:00PM)	Valedictory Function (4:00 PM- 4:30PM)

Report on conference organized for teaching Staff on 16 April, 2017

Title: One day Conference on Frontiers of Physics Physics-I

Objectives:

The main objective of this conference is to explore the theoretical aspects of black hole physics and its connection with thermodynamics as well as statistical mechanics. Dr. Dharm Veer Singh will discuss about the various properties of black hole. Moreover, Speakers will also talk about the basics of gravity as well as its applications to black hole physics.

Speaker and Resource Persons: Dr. Dharm Veer Singh, Centre of Theoretical Physics, Jamia Millia Islamia, New Delhi

Dr. Vinod Kumar Bhardwaj, Department of Mathematics, GLA University, Mathura

Venue: AB-VII, Room No.-123

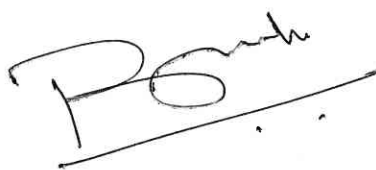

Organized By: Department of Physics

Faculty Coordinator: Prof. B. R. K. Gupta

Outcome:

All the participants learned about the basics of gravity and black hole as well as its thermodynamic aspects. Participants and speakers have a good interactive and question-answer session during which the current trends in black hole physics have been discussed.

Summary: A one day conference on Frontiers of physics on 16th April 2017 has been organized at Department of Physics, GLA University, Mathura. During the conference, the basic ideas of gravity and black hole physics have been at the forefront of discussion. Speakers also talked about the recent advancement in the area of black hole and its thermodynamic aspects. A very good interactive session happened between the speakers and all the participants. Session was inaugurated by Prof. B. R. K. Gupta, Department of Physics, GLA University and at the end of the conference Dr. Monika Goyal (Faculty coordinator) gave the vote thanks to the speakers.

11:00 AM to 1:00 PM	:	Session 3: Introduction to RSLogix and Ladder Programming
1:00 PM to 2:00 PM	:	Lunch Break
2:00 PM to 5:00 PM	:	Lab Session: Hands – on Practice on PLC kit and Ladder Programming
5:00 PM – 5: 30 PM	:	Certificate Distribution to the Participants and Closing Ceremony

Report on Professional Development Program organized for Teaching Staff

on 14th – 15th.02.2017

Title: Industrial Automation Systems

Objective of the Workshop:

The main objective is to make the aspiring engineers acquainted with the conceptual as well as practical knowledge of the industrial automation & latest technologies being used to achieve industrial automation. The idea of organizing this workshop is to inculcate the basic fundamentals of automation in the participants and provide them with a platform to work on, in the near future. The most used guiding force behind an automated industrial plant is a “programmable logic controller” generally known as a plc. PLCs along with certain other necessary ingredients like sensors, motors, actuators, valves, conveyors, boilers, SCADA systems, computers & many more, makes a real automated manufacturing plant.

Date: 14th – 15th August 2017

Time: 11:00 noon onwards

Venue: Room No. 3002, AB - 02

Resource Person: Mr. Gaurav Malik
Product Manager,
Sonapar India

Outcome of the Workshop:

By the end of this workshop the participants will become aware about the basic Knowledge of Industrial Automation, PLCs and their relevant module.

Faculty Coordinator: Mr. Sachin Goyal,
Assistant Professor,
Department of Electrical Engineering

Organised by: Department of Electrical Engineering

Summary: A two-day workshop was organised by the department of electrical engineering on Industrial Automation System. Workshop started with Saraswati Vandana followed by the introduction of guest speaker by Mr. Sachin Goyal, Workshop Co-ordinator. Mr. Gaurav Mallik addressed the importance of automation knowledge as the industries in the future will be fully automated. He told the basics of automation, ladder programming and hands-on session on automated system. The workshop ended with vote of thanks by Mr. Sachin Goyal, assistant professor and workshop coordinator.

<i>Day - 2</i>	<i>16th October 2016 (Sunday)</i>
10:00 AM to 1:00 PM	Practice Session 1: Simple LED Program and other basic programming
1:00 PM to 2:00 PM	Lunch Break
2:00 PM to 5:00 PM	Practice Session 2: Interfacing with Servo Motor and other basic equipment
5:00 PM to 5:15 PM	Valedictory Ceremony

Report on Professional Development Program organized for Teaching Staff
on 15th – 16th.10.2016

Title: Robotics & Embedded Systems - 8051

Objective of the Workshop:

The main objective of this workshop was to make participants familiar with the Intellectual Property Rights and provide hands on experience of Patent Filing Activity. Intellectual property rights include patents, copyright, industrial design rights, trademarks, plant variety rights, trade dress, and in some jurisdictions trade secrets.

Date: 15th – 16th October 2016

Time: 11:00 AM onwards

Venue: EC Conference Hall, AB - 02

Resource Person: Mr. Prashant Kumar
Karkhana Makerspace

Outcome of the Workshop:

The participants of the workshop will acquire the knowledge of Embedded Systems and simulation software for rapid prototyping. Apart from this the participants will also be able to design, test and debug the Embedded Projects.

Faculty Coordinator: Mr. Sachin Goyal,
Assistant Professor,
Department of Electrical Engineering

Organised by: Department of Electrical Engineering

Summary: A one-day workshop was organised by the department of electrical engineering on Intellectual Property Rights. Workshop started with Saraswati Vandana followed by the introduction of guest speaker by Mr. Sachin Goyal, Workshop Co-ordinator. Mr. Prashant highlighted the basic and important points of embedded system and robotics. He also told the audience about the how much important is c-programming for embedded system. The workshop ended with vote of thanks by Mr. Sachin Goyal, assistant professor and workshop coordinator.

Program Schedule

3rd February 2017 (Wednesday)	
10:30 AM	Tribute to Goddess Saraswati & Late Sh. Ganeshi Lal ji Agarwal
10:35 AM	Saraswati Vandana
10:45 AM	About the Workshop and Introduction of Speaker
10:55 AM	Memento & Bouquet Presentation to the Guest Speaker
11:00 AM to 1:00 PM	<i>Session 1:</i> Introduction to Power Electronics Converters used in Modern Railways
1:00 PM to 2:00 PM	Lunch Break
2:00 PM to 5:00 PM	<i>Session 2:</i> Introduction to the Electrical Design of Bullet Train

Report on Professional Development Program organized for Teaching Staff
on 03.02.2017

Title: Application of Power Electronics in Modern Railways – Bullet Trains

Objective of the Workshop:

The main objective is to make the aspiring engineers get familiar with the electrical design features of bullet trains. The idea of organizing the workshop is to show the basic application of power electronics converters used in railway engineering now – a – days. Bullet trains is a hot topic in India, so this workshop will help the participants understand the design features and use of power electronics in modern railways.

Date: 3rd February 2017

Time: 10:30 AM onwards

Venue: Room No. 5008, AB - 02

Resource Person: Prof. S. C. Kapoor
R & D Expert
BHEL Bhopal

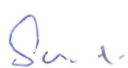

Outcome of the Workshop:

By the end of this workshop the participants will become aware about the application of power electronics in Railways.

Faculty Coordinator: Mr. Sachin Goyal,
Assistant Professor,
Department of Electrical Engineering

Organised by: Department of Electrical Engineering

Summary: A one-day workshop was organised by the department of electrical engineering on Industrial Automation System. Workshop started with melodious Saraswati Vandana by the students followed by the introduction of guest speaker by Mr. Ravishankar Tiwari, Assistant Professor. Prof. Kapoor explained the audience that how important is role of power electronics in modern railway system. With the help of power electronics controllers, one can design the system which is faster, accurate and reliable system. He also that in the upcoming bullet train project, power electronics plays a vital role.th vote of thanks by Mr. Sachin Goyal, assistant professor and workshop coordinator.

Report

Event :- Guest Lecture
Date :- 10.12.2016
Title :- Students Management
and Administration.
Resource Person :- Dr. Narendra Singh
Attendees :- 63
Designation :- (Principal) Agra College Agra

Highlight of the Events-

There are three components to the process of producing a definition of education management: nomenclature, pedigree and content. The fact that each of these is problematic does not in any way diminish the academic or intellectual pedigree of education management as an academic subject or body of knowledge. Almost every subject studied in the context of education goes through periods of reinvention and realignment. What is specifically difficult about education management is its relatively limited history and its confused parentage. A potentially powerful synthesis of disciplines applied to a specific context can also be regarded, as expediency, and pragmatism.

Subject: Invitation for workshop 'Understanding the Self'

Dear Sir/Madam

Greetings!

Faculty of Education, GLA University, Mathura, U.P., in collaboration with Self Vithika, a non-profit organization, New Delhi, is organizing a two-day workshop on 'Understanding the Self' for teachers. In this view, I would like to extend an invitation to you to become our Chief Guest/Guest for the workshop. I hope that you will respond favorably to this invitation and would oblige us by gracing the event with your presence.

The details of the programme are as follows:

Date:	7th and 8th October 2016 (Friday and Saturday)
Time:	09:30 am onwards
Venue:	IBM Conference Hall, Ground Floor, Block VI GLA University, Mathura

The schedule of the workshop is attached along with for your kind perusal.

Thanks

Kind Regards

Sangeeta

Dr. Kusum Lata

(Ret.Prof. Delhi University, New Delhi)

Highlight of the Events-

Under the workshop all trainees can learn an Understanding is a generalized meaning or an insight. It is kind of feel for the act. It is not necessary that one expresses understanding in words. We often replace the word understanding by similar words such as generalization, theories, insight, general idea, concepts, principles, rules and laws. Understanding implies seeing relationship: in one sense, seeing solitary facts in relation to a general principle is the essence of understanding. Understanding implies seeing the use of a facts to fulfil a goal: A person may be said to understand a process, object, idea or a fact if he/she sees how it can be used to fulfil some purpose or a goal.

Title: Recent Trends in Algebra and Related Topics with Application

Objectives:

The purpose of the programme is to contribute to the recent development of Algebra and to bring together the algebraists from all over the world working in the related areas to present their researches, to exchange new ideas, to discuss challenging issues, to foster future collaborations and to expose young researchers.

Speaker and Resource Person: Prof Mohammad Ashraf, Department of Mathematics, Aligarh Muslim University, Aligarh

Venue: Online

Organized By: Department of Mathematics

Faculty Coordinator: . Dr. Vipin Chandra Dubey

Outcome:

This Programme provided a key platform to share experiences and propose strategic recommendations to strengthen the role of application of algebra and its related topics in engineering students at the international, national, levels.

Summary:

Professional development program on **Recent Trends in Algebra and related topics with Applications** was organized on 6 October 2016. A total of 36 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Anirudh Pradhan, Dean, Research and Development, GLA University, Mathura. Prof. Manish Goyal, GLA University, Mathura explained the recent application of Algebraic Graph Theory . At the end of the session vote of thank was delivered by Dr. Vipin Chandra Dubey (Faculty Coordinator of this program).

PDP: Recent Trends in Embedded System Dated 16 Dec, 2016

Certificate

This is to certify that ...Mr. Mohit Kumar...has successfully participated in the **Talk on Algebraic Coding Theory** on 16 December 2016 in association with Department of Mathematics, GLA University, Mathura.

DATE: 17 March, 2017 | Time 10:00 AM– 04:15 PM

Programme Schedule

Recent Advancement in Partial Differential Equation

Date: 17 March, 2017		
10:00 AM to 10:15 AM	Welcome to the guest	
10:15 AM to 10:25 AM	Lighting of Lamp	
10:25 AM to 10:35 AM	Welcome address about the programme	Anchor
10:35 AM to 10:45 AM	Head of the Department welcome address	Prof. Manish Goyal
EXPERT TALK		
11:00 AM to 01:00 PM	Recent Advancement in Partial Differential Equation	Dr. Sanjay Kumar Pandey, Department of Mathematical Sciences, IIT(BHU), Varanasi
01:00 PM to 02:00 PM LUNCH BREAK		
EXPERT TALK		
02:00 PM to 04:00 PM	Recent Advancement in Partial Differential Equation	Dr. Sanjay Kumar Pandey, Department of Mathematical Sciences, IIT(BHU), Varanasi
04:00 to 04:15	Vote of thanks	Mr. Umesh Kumar Sharma

**Report on Professional development program organized for teaching
Staff on 17 March, 2017**

Title: Recent Advancement in Partial Differential Equation

Objectives:

The purpose of the programme is to contribute to the recent development of partial differential equation and to bring together scholars from all over the world working in the related areas to explore their researches, to exchange new ideas, to discuss challenging issues, to foster future collaborations and to expose young researchers.

Speaker and Resource Person: Prof Sanjay Kumar Pandey, Department of Mathematical Sciences, IIT(BHU), Varanasi, India

Venue: Room no.-121, academic block 8

Organized By: Department of Mathematics

Faculty Coordinator: Mr. Umesh Kumar Sharma

Outcome:

This Programme provided a key platform to share experiences and propose strategic recommendations to strengthen the role of application of partial differential equations and its related topics in engineering students at the international, national levels.

Summary:

Professional development program on **Recent Advancement in Partial Differential Equation** was organized on 17 March, 2017. A total of 20 participants had joined the session and certificates were provided to them. Session inaugural talk was delivered by Prof. Anirudh Pradhan, Dean, Research and Development, GLA University, Mathura. Prof. Sanjay Kumar Pandey, IIT(BHU), Varanasi explained the recent advancement of partial differential equation. At the end of the session vote of thank was delivered by Mr. Umesh Kumar Sharma (Faculty Coordinator of this program).

Head of the Department
Mathematics
Institute of Applied Sciences & Humanities
GLA University, Mathura

List of participants

SR No.	Participant Name	Email ID
1	Dr. Anirudh Pradhan	anirudh.pradhan@gla.ac.in
2	Dr. Pooja Pathak	pooja.pathak@gla.ac.in
3	Dr. Umesh Kumar Sharma	umesh.sharma@gla.ac.in
4	Dr. Vipin Chandra Dubey	Vipin.dubey@gla.ac.in
5	Dr. Ambuj Kumar Mishra	Ambuj.mishra@gla.ac.in
6	Dr. Archana Dixit	archana.dixit@gla.ac.in
7	Dr. Priyanka Garg	priyanka.garg@gla.ac.in
8	Dr. Sanjeev Kumar Gupta	sanjeev.gupta@gla.ac.in
9	Dr. Sharad Kumar Dixit	sharad.dixit@gla.ac.in
10	Dr. Hariom Sharma	hariom.sharma@gla.ac.in
11	Dr. Abhishek Kumar Sharma	abhishek.sharma@gla.ac.in
12	Dr. Nisha Shukla	nisha.shukla@gla.ac.in
13	Dr. Nisha Godani	nisha.godani@gla.ac.in
14	Dr. Mukesh Kumar	mukesh.kumar@gla.ac.in
15	Dr. Manoj Kumar	manoj.kumar@gla.ac.in
16	Dr. Shikha Srivastava	shikha.srivastava@gla.ac.in
17	Dr. Manmohan Gupta	manmohan.gupta@gla.ac.in
18	Dr. Pradeep Kumar Singh	pradeep.kumar@gla.ac.in
19	Dr. Suraj Prakash	suraj.prakash@gla.ac.in
