activities. In the beginning, participants were divided into two teams named Top Creators and Real Builders. Then, they were instructed about the game playing by the moderator. Later on, game began and both the teams put their best efforts to win the day. The game comprised of 5 consecutive rounds. In each round, one team had to send one actor to enact the movie name which had to be provided by the other team. Later on, the event became the spot for silent dancing, silent dialogue delivery and even silent mimicry. The talent of acting among the students was worth watching.

After a mind-smashing battle filled with fun, all the students were provided with refreshment. During this time, the whole event was totally fun and thrill. After all this, the result announcement time came and everyone's heartbeat started thumping loudly. And then the winner team was announced. The winner team was Real Builders. After that, prizes were distributed and at last, photo session marked the mesmerizing end of the event.

Highlights of Event:

We, the **Biotech-niks** have organized an event "Bioentrepreneurship". The entrepreneurship is usually understood with reference to individual business. Entrepreneurship has rightly been identified with the individual, as success of enterprise depends upon imagination, vision, innovativeness and risk taking. According to A Schumpeter "The entrepreneurship is essentially a creative activity or it is an innovative function".. The renewed interest in the development of entrepreneurship to take up new venture should emphasize on the integrated approach. The developments of entrepreneurship will optimize the use of the unexploited resources, generate self-employment and a self sufficient economy. Entrepreneurship is vibrant assertion of the facts

that individual can be developed, then outlook can be changed and their ideas can be converted into action though on organized and systematic program for entrepreneurs. It was also felt that systematic training can be given a better output and attracting people for taking up business venture can change economic scenario.

Highlights of Events:

Flysta is a yearly occasion in this we fly kites . This kite flying is completed so that individuals are presented to the sunrays which is viewed as solid for individuals. In this we have given kites to the member and visitors. Furthermore, after that we as a whole fled and partook in the occasion

A **kite** is a tethered heavier-than-air or lighter-than-air craft with wing surfaces that react against the air to create lift and drag forces. A kite consists of wings, tethers and anchors. Kites often have a bridle and tail to guide the face of the kite so the wind can lift it Some kite designs don't need a bridle; box kites can

have a single attachment point. A kite may have fixed or moving anchors that

can balance the kite. One technical definition is that a kite is "a collection of tether-coupled wing sets" The name derives from its resemblance to a hovering bird

The contest included several rounds involving singing, dancing, talent display, etc., which wove the magic of fun and joy in to the event. SKYLIGHT is the annual fest organized by E SOC during this festive season. In this we blow the sky lanterns and wish for the well bring of humanity. A **sky lantern** (simplified Chinese: 天灯; traditional Chinese: 天燈; pinyin: tiāndēng), also known as **Kǒngmíng lantern** (simplified Chinese: 孔明灯; traditional Chinese: 孔明燈), or **Chinese lantern**, is a small hot air balloon made of paper, with an opening at the bottom where a small fire is suspended.

In Asia and elsewhere around the world, sky lanterns have been traditionally made for centuries, to be launched for play or as part of long-established festivities. The name *sky lantern* is a translation of the Chinese name but they have also been referred to as *sky candles* or *fire balloons*. In Thai, they are known as *khom loi*.

Painting is the practice of applying paint, pigment, color or other medium to a solid surface. The medium is commonly applied to the base with a brush, but other implements, such as knives, sponges, and airbrushes, can be used.

In art, the term *painting* describes both the act and the result of the action (the final work is called "a painting"). The support for paintings includes such surfaces as walls, paper, canvas, wood, glass, lacquer, pottery, leaf, copper and concrete, and the painting may incorporate multiple other materials, including sand, clay, paper, plaster, gold leaf, and even whole objects.

Eligibility Criteria: All students of nearby colleges are invited.

Highlights of Events:

On the occasion, five initiatives will be launch by PM Narendra Modi including an Indian sign language dictionary of 10,000 words, talking books, school quality assessment and accreditation framework of CBSE, NISTHA teachers' training programme for NIPUN Bharat, and Vidyanjali portal for facilitating education volunteers, donors and CSR contributors for school development.

In India, it is celebrated on September 5 to mark the birthday of former President, scholar, philosopher, and Bharat Ratna recipient, Dr. Sarvepalli Radhakrishnan. Across India, students honour and pay tribute to their teachers by sending Teachers Day greetings, quotes, messages, etc.

Teachers should be respected and honoured. In India, on the eve of Teachers' Day, i.e. on 5 September, the National Teachers Awards are given to the meritorious teachers by the President of India. The awards are conferred as public gratitude to praiseworthy teachers working in primary schools, middle schools, and secondary schools.

Even according to our **Prime Minister Narendra Modi** "*Teaching is not a profession, a way of life*". Teaching is not a profession but "**Jeevan Dharm**" (a way of life) and asked teachers to understand changes happening across the world so that they can prepare the new generation to face them. In fact, it is a divine responsibility to guide and enlighten. He also said that India should regain the status of '**Vishwaguru**' (leader in education) by giving high respect to teachers whom he asked to encourage students to think critically about issues concerning the nation. "*Teachers determination and sincerity will shape the destiny of the nation as they are laying the foundation and the building blocks of the society*".

Highlights of Events:

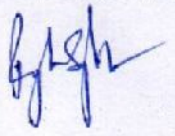

Engineers' Day in India is celebrated on the 15th of September every year. Engineers' Day marks the birth anniversary of Sir Mokshagundam Visvesvaraya who is also popularly known as Sir MV. Engineers' Day is observed on this day because Sir MV was literally the "Builder of India", the builder of dams and water systems in India. More precisely his work not only boosted the irrigation facilities in the country but also saved a huge number of people from floods. Sir MV is an engineering pioneer of India and his genius approach is reflected in the harnessing of the water resources and buildings and consolidation of dams all across the country.

Engineer's Day Celebration 2017-18

In India, we celebrate Engineer's Day on the 15th of September every year on Sir Mokshagundam Visvesvaraya (Sir MV) Birth anniversary. Sir MV is known

as India's most prolific civil engineer, economist, dam builder and statesman. His name is amongst one of the most prominent builders of India in the 20th century. In his tenure of being the Diwan of Mysore from 1912 to 1918, he completely transformed the state into a place which was then known as a "Model State". Sir MV is known as "Father of Modern Mysore" for his numerous contributions in industrial, economic and social projects. All the faculty members and Head of the Department along with the students graced the event.

Highlights of Events:

Vishwakarma Jayanti is a day of celebration for Vishwakarma, a Hindu god, the divine architect. He is considered as swayambhu and creator of the world. He constructed the holy city of Dwarka where Krishna ruled, the palace of Indraprastha for the Pandavas, and was the creator of many fabulous weapons for the gods. He is also called the divine carpenter, is mentioned in the *Rig Veda*, and is credited with *Sthapatya Veda*, the science of mechanics and architecture. According to sacred Hindu tradition, **Vishwakarma** is known as the Divine Engineer of the world. Like every other God, **Vishwakarma** is assigned a day that is his birthday or Jayanti that is **Vishwakarma Jayanti**. The problem with this is that since he is known as the original creator of the world, he existed a few days before he created the world. Vishwakarma had five Sons and two Daughters. Name of Sons – **Mannu**, Maidev, Tavashta, **Shilpi** and Devagya. The divine craftsman Vishwakarma is the **presiding deity** of all craftsmen and architects. Son of **Brahma**, he is the divine craftsman of the whole universe, and the official builder of all the gods' palaces. All the faculty members and Head of the Department along with the students graced the event.
