### Highlights of Events:

Flysta is a yearly occasion in this we fly kites . This kite flying is completed so that individuals are presented to the sunrays which is viewed as solid for individuals. In this we have given kites to the member and visitors. Furthermore, after that we as a whole fled and partook in the occasion

A **kite** is a [tethered heavier-than-air](#) or lighter-than-air craft with [wing](#) surfaces that react against the air to create [lift](#) and [drag](#) forces. A kite consists of wings, tethers and anchors. Kites often have a bridle and tail to guide the face of the kite so the wind can lift it Some kite designs don't need a bridle; [box kites](#) can have a single attachment point. A kite may have fixed or moving anchors that

can balance the kite. One technical definition is that a kite is “a collection of tether-coupled wing sets” The name derives from its resemblance to a hovering bird

The contest included several rounds involving singing, dancing, talent display, etc., which wove the magic of fun and joy in to the event. Refreshments and Food packets were served in between the program.

In Asia and elsewhere around the world, sky lanterns have been traditionally made for centuries, to be launched for play or as part of long-established festivities. The name *sky lantern* is a translation of the Chinese name but they have also been referred to as *sky candles* or *fire balloons*. In Thai, they are known as *khom loi*.

The awards are conferred as public gratitude to praiseworthy teachers working in primary schools, middle schools, and secondary schools.

Even according to our **Prime Minister Narendra Modi** "*Teaching is not a profession, a way of life*". Teaching is not a profession but "**Jeevan Dharm**" (a way of life) and asked teachers to understand changes happening across the world so that they can prepare the new generation to face them. In fact, it is a divine responsibility to guide and enlighten. He also said that India should regain the status of '**Vishwaguru**' (leader in education) by giving high respect to teachers whom he asked to encourage students to think critically about issues concerning the nation. "*Teachers determination and sincerity will shape the destiny of the nation as they are laying the foundation and the building blocks of the society*".
