#### **Highlights of Event:**

Abacus Society, Department of Computer Engineering & Applications successfully organized an event on February 29, 2021 for 1st and 1Ind year students. The event was started with the introduction to **ONE MINUTE ACT** that what is it.? How much interesting can it be! The event then succeeded by the performance of our team to just show an example that how interesting it is!

After this we organised a competition over there, we made 4 groups and asked them to join the particularteam in which they are interested!

1st - ROMANTIC

## Department of Computer Engineering & Applications

2nd - THRILLER 3rd - ACTION 4th – COMEDY

We got our 4 groups, we asked them to choose one student for the particular act and the topic is their respective group name. We organised 5 rounds. In first round 5 random students of the respective groups got the chance, after this we moved further and chosen 3 students from each group and interchanged their group's name. We organised 3 rounds so that each student gets the chance to showcase their talent. After this we selected 1 student from each group and again interchanged the group name and started the round, and in this round, we were supposed to choose 1 student. The competition was so tough, and the judgement too. We moved on the final decision and chosen our winner.

After this we moved on the closing ceremony, all students were provided the refreshments. We distributed the award and certificates to all the students and thus this evening was made awesome and memorable.

#### **Highlights of Event:**

We, the **Abacus Society** had organized an event – 'Poster Making Competition', Monday for B. Tech. first year students.

Purpose: A visual poster that is intended to inform the citizens about a particular issue that is important to the society & the nation as a whole. The principal objective of event was to enhance students' knowledge with their creative streak and express their ideas using the colors of imagination.

During this competition, participants were provided with essential requirements for making poster. The topics related to theme were given to them on the spot & time duration was of 2 hours. This activity kept the student engaged and it was organized to explore and encourage creativity in students and offer them a platform to showcase their skills. It inspired them to think and to work creatively in order to promote artistic excellence. The creativity & innovative ideas to resolve the particular issue were artistically presented through and captured in posters. The artistic endeavor of the students was highly praised and encouraged by the faculty members. The posters were assessed on the basis of rubrics such as relevance

to theme, design, Implementation to solution, Creativity & oral presentation. Winners & participants were awarded with trophies & certificates.

Thus, our motive was fulfilled with great fun and entertainment. Then, in the last on the successful ending of this event we gave away the prizes to the winning participating teams. Next, we have done an exciting photoshoot of our team along with the winning participants for sake a successful ending.

The event was a video comprehension competition in which a short video was shared with the participants live through the Google Meet. Choice between two videos was provided to the participants, one video was in Hindi and the other was in English. The title of the respective videos was:

· Permaculture- Sustainable Agriculture, the art of living by Prakriti Vidya Peeth

 How a Cooperative Conserved rainwater to grow a forest in Drought prone Dharmapuri of Tamil Nadu by Down To Earth

Students participating in online event of FluentU

The ultimate aim of the event was to develop communication skill, writing skill, perseverance power and most importantly how on a personal level they can work for the conservation and restoration of environment. After receiving the answer sheet of the participants, all the answer sheets were sent to the Faculty Judges who, after thorough evaluation, declared the winners from the respective videos. The winners of the event were:

Winners in Hindi Language Video	Winners in English Language Video
1. Vedant	1. Shristi Gupta
2. Sanjay Gupta	2. Ritika
3. Abhishek Mishra	3. Ritul Sahu

Being an online event, all the participants were provided with e-certificate of participation and the winners with the certificate of achievement. The event made all the participants learn a lot about the Environment, need to safeguard it and the methods to do so along with developing the essential co-curricular skills and we can say that the event was a success as it met the goal of organizing it.

Organized by: Agriventure Club, Faculty of Agriculture Sciences, GLA University, Mathura

#### **About The Event**

Agriventure Club under the Faculty of Agriculture Sciences, GLA University, Mathura organized Squid Games on 23rd November 2021. The event was organized to provide a fun time to the students and engage in physical activities for some time out of their academic curriculum to release stress of their busy daily schedule.

The Club organized the games in 4 Rounds on the basis of knockout elimination. The four rounds were:-

- 1. Tug of war
- 2. Red Light Green Light
- 3. Dog and the Bone
- Hurdle Race

The event witnessed a large number of voluntary participations from the students of the department. In order to prepare a fixture for the games limited no. of seats were kept on first come first serve basis. The participation fee for the games was kept Rs. 20 per student in order to attract maximum number of students for participation.

In the first round of event 96 participants came to play the game and out of these 96 students only 5 made it to the final round. In the last round of hurdle race the participants had to clear multiple hurdles that were sac race, bun jump, lemon race, military crawl, frog jump and logical ability question in the end.

Students participating in Squid Game and award distribution

Shubham from B.Sc. Agriculture 2nd year was the winner of this event. After the students' game, faculty members were also invited to participate and they also took part in tug of war and red light green light. The event was concluded by the speech of Dean FAS, Prof. S.S. Siwach and the prize distribution ceremony. The winner was given a trophy and a gift hamper by Prof. Siwach and Prof. V.S Pundhir.

The event was a success as it witnessed active participation from the department and provided a joyful time to the students of Faculty of Agricultural Sciences. Club members coordinated the event very well. Both the participants and coordinator got to know about the valuable life skills, team work, coordination, sportsmanship and much more.

Highlights of Event: Due to COVID-19, 59th National Pharmacy Week was celebrated online in which an online lecture was planned on November 17, 2020, at 11:00 am on ZOOM APP on the topic "How to start a pharmaceutical company" by Mr. Sunil Chaudhary, CEO, Evertouch Health Care, Mathura, U.P., India. He is alumni of Institute of Pharmaceutical research also. He was amply suited to take up this topic & do justice to it. The audiences were all ears as soon as he started speaking. He brought up all the fundamental tenets of a startup and the skill set required towalk the entrepreneurship path. Although anybody with even an iota of interest in startups knows the basic concepts, Mr. Chaudhary gave a clever twist to that by talking

the myths vs the realities of startups. He said that the mortality rate of startups is much greater than that one might expect. Sunil stressed that one of the prime principles is to increase network and gain visibility. Over all, it was a splendid session judging the enthusiastic response of the audience. Faculty members were also present in the lecture.

The speaker of the day were Mr. Hirtesh Sharma and MRS. Niharika Singh who with their knowledge, guided the participants and encouraged them about the Indian culture and ethics.

India is a diverse multi ethnic country that is home to thousands of small ethnic and tribal groups. Although India does not officially recognize racial or ethnic categories in the national census, it continues to be one of the most ethnically diverse populations in the world. Broadly, the ethnicities of India can be broken down into main groups on the basis of their linguistic backgrounds, the two largest being Indo-Aryan and Dravidian.

No. of Participants : 09

#### **Highlights of Event:**

We, the Biotech-niks have organized an event "Best Out of Waste", last tuesday in which many participants have been participated in various categories. There were three rounds of the event which was full of fun and enthusiasm.

The objective of the competition was to create love for environment by making best out of waste with help of recyclable things. The competition was open to all students. They used their imagination and creativity to make innovative things. Students used broken bangles, plastic bottles, waste nails, peanut shell, beads, thermocol glasses, old CD etc. All these things which are waste in our day to day life were used in constructive manner and variety of things were made from them. Students made cloth doll, wall hanging with bangles, doll with tea strainer, night lamp with bottle, and paper flowers were artistically made. The criteria for the competition were presentation, use of material, innovation and overall effect.

Thus, our motive was fulfilled with great fun and entertainment. Then, in the last on the successful ending of this event we gave away the prizes to the winning participating teams

#### **Highlights of Event:**

Abacus Society, Department of Computer Engineering & Applications successfully organized an event on November 6,2020 for Ist and IInd year students. Society objective is to encourage students to celebrate festivals in an innovative way. The event started with distribution of colors and themes. There was a lot of excitement. Everyone was eager to do their best. Participants were supposed to make attractive rangoli at AB – I third floor. Participants started making their rangolis and time just flew. It was time to leave the venue. All participants were not able to complete their rangoli but some of the participants perfectly made it with different colors. Club also hired photographer to capture the beautiful rangoli in camera.

Last but not the least, the results were announced by the head. Closing event was with lots of fun and appreciating winners. It was a day to remember for forever. The event became successful by the coordination between the students and the faculty coordinators.

#### **Highlights of Events:**

SKYLIGHT is the annual fest organized by E SOC during this festive season. In this we blow the sky lanterns and wish for the well bring of humanity. A **sky lantern** (<u>simplified Chinese</u>: 天灯; <u>traditional Chinese</u>: 天燈; <u>pinyin</u>: *tiāndēng*), also known as **Kŏngmíng lantern** (simplified Chinese: 孔明灯; traditional

Chinese: 孔明燈), or **Chinese lantern**, is a small <u>hot air balloon</u> made of paper, with an opening at the bottom where a small fire is suspended.

In Asia and elsewhere around the world, sky lanterns have been traditionally made for centuries, to be launched for play or as part of long-established

festivities. The name *sky lantern* is a translation of the <u>Chinese</u> name but they have also been referred to as *sky candles* or *fire balloons*. In Thai, they are known as *khom loi*.

#### **Highlights of Events:**

The human mind knows no boundaries. But our planet does. We have created so much. But often at the cost of nature. We can no longer continue down a path of irreversible harm to the environment. Let's renew our resolve and our climate. Let's strengthen our commitments and our biodiversity. Let's rethink how we consume, revive what we destroyed and reconnect with what sustains us. Our home. In GLA University, plantations were done at places in the presence of faculty members and heads of departments.

#### **Highlights of Events:**

During Shiksha Parv, PM Narendra Modi will address teachers, students, and other stakeholders in the education sector on September 7.

On the occasion, five initiatives will be launch by PM Narendra Modi including an Indian sign language dictionary of 10,000 words, talking books, school quality assessment and accreditation framework of CBSE, NISTHA teachers' training programme for NIPUN Bharat, and Vidyanjali portal for facilitating education volunteers, donors and CSR contributors for school development.

In India, it is celebrated on September 5 to mark the birthday of former President, scholar, philosopher, and Bharat Ratna recipient, Dr. Sarvepalli Radhakrishnan. Across India, students honour and pay tribute to their teachers by sending Teachers Day greetings, quotes, messages, etc.

Teachers should be respected and honoured. In India, on the eve of Teachers' Day, i.e. on 5 September, the National Teachers Awards are given to the meritorious teachers by the President of India. The awards are conferred as public gratitude to praiseworthy teachers working in primary schools, middle schools, and secondary schools.

Even according to our **Prime Minister Narendra Modi** "Teaching is not a profession, a way of life". Teaching is not a profession but "**Jeevan Dharm**" (a way of life) and asked teachers to understand changes happening across the world so that they can prepare the new generation to face them. In fact, it is a divine responsibility to guide and enlighten. He also said that India should regain the status of '**Vishwaguru**' (leader in education) by giving high respect to teachers whom he asked to encourage students to think critically about issues concerning

the nation. "Teachers determination and sincerity will shape the destiny of the nation as they are laying the foundation and the building blocks of the society".

#### **Highlights of Events:**

Vishwakarma Jayanti is a day of celebration for Vishwakarma, a Hindu god, the divine architect. He is considered as swayambhu and creator of the world. He constructed the holy city of Dwarka where Krishna ruled, the palace of Indraprastha for the Pandavas, and was the creator of many fabulous weapons for the gods. He is also called the divine carpenter, is mentioned in the Rig Veda, and is credited with Sthapatya Veda, the science of mechanics and architecture. According to sacred Hindu tradition, Vishwakarma is known as the Divine Engineer of the world. Like every other God, Vishwakarma is assigned a day that is his birthday or Jayanti that is Vishwakarma Jayanti. The problem with this is that since he is known as the original creator of the world, he existed a few days before he created the world. Vishwakarma had five Sons and two Daughters. Name of Sons - Mannu, Maidev, Tavashta, Shilpi and Devagya. The divine craftsman Vishwakarma is the presiding deity of all craftsmen and architects. Son of Brahma, he is the divine craftsman of the whole universe, and the official builder of all the gods' palaces. All the faculty members and Head of the Department along with the students graced the event.

#### **Highlights of Events:**

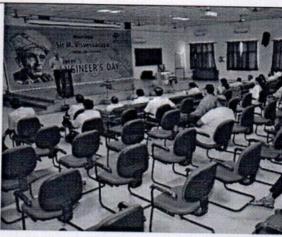

Engineers' Day in India is celebrated on the 15<sup>th</sup> of September every year. Engineers' Day marks the birth anniversary of Sir Mokshagundam Visvesvaraya who is also popularly known as Sir MV. Engineers' Day is observed on this day because Sir MV was literally the "Builder of India", the builder of dams and water systems in India. More precisely his work not only boosted the irrigation facilities in the country but also saved a huge number of people from floods. Sir MV is an engineering pioneer of India and his genius approach is reflected in the harnessing of the water resources and buildings and consolidation of dams all across the country.

Engineer's Day Celebration 2020-21

In India, we celebrate Engineer's Day on the 15<sup>th</sup> of September every year on Sir Mokshagundam Visvesvaraya (Sir MV) Birth anniversary. Sir MV is known as India's most prolific civil engineer, economist, dam builder and statesman. His name is amongst one of the most prominent builders of India in the 20<sup>th</sup> century. In his tenure of being the Diwan of Mysore from 1912 to 1918, he completely transformed the state into a place which was then known as a "Model State". Sir MV is known as "Father of Modern Mysore" for his numerous contributions in industrial, economic and social projects. All the faculty members and Head of the Department along with the students graced the event.
