Action Taken Report (2016-17) on Curriculum Feedback

Feedback received from the various stakeholders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

S. No.	Feedback	Action Taken
1	Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed as follows:	Modifications in the syllabus of following subjects were discussed and approved B.Tech. (Electronics & Communication Engineering): (a) Data Network, (b) Wireless Communication, (c) Microwave Engineering* (d) Circuits and Systems Lab M. Tech. (Electronics & Communication Engineering): <ul style="list-style-type: none">• Image Processing• CMOS Analog IC Design• Signal Processing Lab• Design and Simulation Lab• CMOS RF Integrated Circuits
2	Based on the feedback of various stakeholders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After thorough discussion board approves the same
3	To consider and approve courses recommended by Training & Development Department for the B. Tech. (Electronics & Communication Engineering).	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: AHE 3081: Soft Skills - I (b) II Year, IV Sem: AHE 4081: Soft Skills – II (c) III Year, V Sem: AHE 5081: Soft Skills – III (d) III Year, VI Sem: AHE 6081: Soft Skills - IV.

Action Taken Report (2016-17) on Curriculum Feedback

Feedback received from the various stake holders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BoS meeting.

Department Name	Computer Engineering & Applications
Feedback received from various stakeholders	Action proposed / taken
Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed.	Modifications in the syllabus of subjects were discussed and approved in X BoS.
Based on the feedback of various stake holders (faculty, alumni, corporate and students) department presented details of new courses to be introduced.	After through discussion board approves the same.
To consider and approve courses recommended by Training & Development Department for B.Tech (Computer Science & Engineering)	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: AHE 3081, Soft Skills- I (b) II Year, IV Sem: AHE 4081, Soft Skills- II (c) III Year, V Sem: AHE 5081, Soft Skills- III (d) II Year, IV Sem: AHE 6081, Soft Skills- IV
To consider and approve courses recommended by Training & Development Department for Master of Computer Applications.	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: AHE 3081, Soft Skills- I (b) II Year, IV Sem: AHE 4081, Soft Skills- II
To consider and approve courses recommended by Training & Development Department for Bachelor of Computer Applications.	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: AHE 3082, Soft Skills & Personality Development

Action Taken on Faculty feed Back on Curriculum

30th May 2017

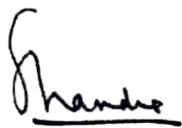

General Practice of the faculty feed-back on curriculum is mainly focused on keeping track of the syllabus and curriculum always.

The following actions will be followed.

The faculty of the department will remain abreast of recent technical breakthroughs in the field of civil engineering, as well as the required revisions to the curriculum.

Faculty members will synthesise the important input from stakeholders in departmental meetings through many brainstorming sessions, propose curricular modifications to the next BOS, and adopt the BOS 5 panel.

All of the department's teachers are given copies of the current syllabus and are asked to mark any recommended modifications with arguments so that they may be considered in the BOS 5.

Action taken on Alumni Feed Back

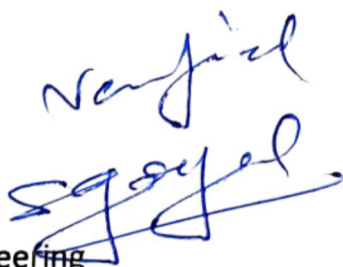

30th May 2017

The consolidate of feedback taken from the alumni in the academic year 2017-2018 was summarized as follows:

- Request for GATE classes to begin for final-year students and GATE sessions have begun.
- Along with academics, more non-academic co-curricular activities will be developed.
- Mini projects were supposed to be a part of their regular curriculum.
- Assistance with exam preparation for competitive examinations
- Faculty arranges extra lectures and quizzes for students to help them prepare for various tests connected to Jobs.

GLA University, Mathura-281406

Action taken on Student Feedback

30th May 2017

As per the feedback taken from the alumni in the academic year 2017-2018, key points mentioned by them, and the action taken against them were consolidated here as below.

S.No.	Key points mentioned by the students in feed back	Action taken against feedback
1	Students will benefit from at least one site visit every semester to better comprehend their studies and develop their abilities.	Site visits were arranged at several locations that provide real time construction projects as the RMC facility and the L&T Casting Yard, NHAI Projects among others .
2	Alumni recommend more industry collaborations so that students may have real industry experience and strong placement prospects.	The department has collaborations with ICI, NIH, Sky Lark, and others. A series of workshops and guest talks were held by representatives from these firms. They have also given permission to tour their businesses.
3	Instilling a habit of self-study and referring books and other journals from the college library.	Tasks and tutorials are primarily designed to achieve this goal; nonetheless, it was intended to be implemented by providing students with text book references in order to complete their assignments.

Feedback Analysis: 2016-17

Student Feedback

- The students have suggested that there should be more Guest lecturers of industry experts to increase the exposure regarding employability.
- There should be more technical mock interviews for the preparation of placement drive of core companies.
- The students suggested that there should be Value added course.

Alumni Feedback

- Students should have more exposure in working projects
- Students participation in International and National conference/Seminar should be more.

Employer/ Industry expert Feedback

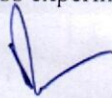

- Experts advice for to implement CBCS system in order to academic flexibility to the student.
- The syllabus of the subjects should be aligned with the industry requirements.

Faculty Feedback

- Syllabuses should be revised as per requirement of industry.
- The batch size in labs should be 20 students.
- Case studies should be included in the syllabuses as per the suitability of the subject.
- More lab experiment and lab duration.

Action taken

- More number of industrial visits and industry experts guest lectures are organized for students.
- Adequate quantity of study material and competitive exam related notes have been provided.
- Suggested revision has been done in syllabus to make it more aligned with industrial needs.
- Industry oriented Elective courses in collaboration with DCS (Dysmach consultancy Services) were offered.
- Advanced research experiments are also conducted additional to the lab experiments.
- More numerical problems of competitive exam are included in tutorial sheets and batch size for labs experiments or practical has been reduced to 20 from 30.

Action Taken Report (2016-17) on Curriculum Feedback

Feedback received from the various stakeholders are discussed in the Department and then the corresponding suitable suggestions are put as agenda for discussion in the BOS meeting.

Sr. No.	Feedback	Action Taken
1.	Based on the feedback received from students, faculty, employers & alumni the revision/ upgradation/ modification in syllabus of existing courses in various programmes is proposed.	Modifications in the syllabus of following subjects were discussed and approved: B. Tech. (Electrical Engineering) / (Electrical & Electronics Engineering) <ul style="list-style-type: none">• Control System• Electrical Machines-II B. Tech. (Electrical & Electronics Engineering) <ul style="list-style-type: none">• Power System Analysis & Protection
2.	Regarding preparation of GATE and IES	<ul style="list-style-type: none">• Classes for preparation of GATE and other competitive exams approved• Adequate quantity of study material and competitive exam related notes have been provided.
3.	To consider and approve courses recommended by Training & Development Department for the B. Tech. (Electrical Engineering)/ (Electrical & Electronics Engineering).	Training & Development Department of the University recommended to get the syllabi of few courses approved in the Board of Studies Meeting of the department. Same was presented in front of the board. After due discussions, the board approved the same whose details are as follows: (a) II Year, III Sem: AHE 3081: Soft Skills - I (b) II Year, IV Sem: AHE 4081: Soft Skills - II (c) III Year, V Sem: AHE 5081: Soft Skills - III (d) III Year, VI Sem: AHE 6081: Soft Skills - IV.

Q.10	The designed experiments stimulate the interest of students in the subject and deepen their understanding	50%	25%	16.66%	8.33%	0	4.16
Q.11	The practicals enable to develop experimental, design, problem solving and analytical skills of the students	58.33 %	16.66%	16.66%	8.33%	0	4.25

Allocation of the credits to the course

The course content is adequate to achieve stated CO's/PSO's/PO's

Syllabus is sufficient to bridge the gap between industry standards/current global scenario and academic requirement

The timely coverage of syllabus is possible in the mentioned number of hours

(Signature)

The units/sections in the syllabus are properly sequenced

The recommended textbooks are adequate and map onto the syllabus

Sufficient reference material and books are available for the topics mentioned in the syllabus

The pre-requisite courses are appropriate for this course

The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society

The designed experiments stimulate the interest of students in the subject and deepen their understanding

The practicals enable to develop experimental, design, problem solving and analytical skills of the students

Average Rating

Summary Analysis:

- More reference and text books should be procured in order to facilitate the students.
- More focus on PDP (personality development program), communication skills and ethical values and concern for the society related activities should be there in curriculum.

A handwritten signature in blue ink, consisting of a circle with a vertical line through it and a diagonal stroke extending from the bottom right.

Summary Analysis :

- Curriculum should be more application based with focus on innovation based new technology.
- More focus on communication skills for overall personality development of students.
- Department should conduct more social activities focused on application of Biotechnology for the welfare of mankind.

Analysis on Alumni feedback

Department Name						Department of Biotechnology	
Stakeholder Name						Alumni	
Total forms/ responses received						20

Q.1	I have a good association with GLAU as alumni.	60%	20%	10%	10%	0	4.30
Q.2	Institute organizes various types of activities for overall development of the students	65%	15%	10%	10%	0	4.35
Q.3	T & P Cell provides on campus and off campus placement opportunities	60%	25%	10%	5%	0	4.40
Q.4	I receive regular updates from the Institute through Facebook / Social Media/Mails/Calls/SMS etc.	65%	20%	10%	5%	0	4.45
Q.5	Institute has adequate laboratories and equipments for practical experiences.	55%	25%	15%	5%	0	4.30
Q.6	Curriculum offered is useful and relevant to my present job.	70%	20%	5%	5%	0	4.55
Q.7	Curriculum offers sufficient technical/professional knowledge	65%	15%	10%	10%	0	4.35
Q.8	Overall curriculum emphasizes on ethics, societal needs and sustainable development.	5%	5%	10%	20%	60%	1.75
Q.9	Education imparted helps me to effectively work in multidisciplinary collaborative environment.	5%	5%	10%	15%	65%	1.70
Q.10	Faculty members of the institute are competent and supportive to the students.	70%	15%	10%	5%	0	4.50
Q.11	Institute provides good hospitality as alumni.	60%	15%	10%	10%	5%	4.15

I have a good association with GLAU as alumni.

Institute organizes various types of activities for overall development of the students

T & P Cell provides on campus and off campus placement opportunities

I receive regular updates from the Institute through Facebook / Social Media/Mails/Calls/SMS etc.

(Signature)

Summary Analysis :

- In order to work effectively in multidisciplinary collaborative environment, Industrial Tie-ups/MOU's should be made for training purpose of the students.
- Curriculum should be updated with ethics, societal needs and sustainable development.

ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Incorporation of more courses relevant to the specialization and to the technological advancement to improve the student employability and knowledge of current industrial trends.	Introduction of new courses like role of Biotechnology in Forensic science, Enzymology, Clinical Microbiology, stem cell technology, role of biotechnology in forensic science as a part of the course curriculum was put up in the internal BOS for further approval.
2	Involvement in social activities	In addition to Biotech Awareness Week, other activities like World Immunology day etc. should be conducted to motivate the students.
3	To work effectively in multidisciplinary collaborative environment.	In order to work effectively in multidisciplinary collaborative environment, Industrial Tie-ups/MOU's should be made for training purpose of the students.

Dr. S.V. Singh

Meerakshi

Institute of Pharmaceutical Research
Analysis of Student Feedback
Session 2016-17

Department Name	Institute of Pharmaceutical Research					
Stakeholder Name	Student					
Total forms/ responses received	11					
Component of curriculum↓	1	2	3	4	5	Average Rating
The syllabus was challenging.	0%	0%	55%	0%	45%	3.9
The allocation of the credits to the course is appropriate in relation to the level of course work.	0%	0%	27%	9%	64%	4.36
The depth of the course content is adequate in relation to the expected course outcomes (COs).	0%	0%	55%	0%	45%	4.36
The units/sections in the syllabus are properly sequenced.	0%	0%	0%	72%	28%	4.27
Syllabus equipped me with necessary technical skills to face the industry	0%	0%	0%	28%	72%	4.72
The syllabus enabled me to improve my ability to formulate, analyse and solve the problems.	0%	0%	18%	18%	64%	4.45
The recommended textbooks are adequately available and map onto the syllabus.	0%	0%	18%	46%	36%	4.18
The electives offered are relevant to the specialization streams and to the technological advancements.	0%	0%	0%	36%	64%	4.63
The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning).	0%	0%	55%	9%	36%	3.81

Analysis of Feedback:

- The student feedback showed that the depth of the course content is not adequate in relation to the expected course outcomes and present syllabus units and sections are not properly sequenced. Hence revision of syllabus is required.
- The recommended textbooks are not adequately to cover the entire syllabus, hence more book may be required to fulfil their needs.
- The present syllabus is still challenging, students may be required the value added courses based on the job prospective of the students.

ACTION TAKEN REPORT ON STAKEHOLDER'S FEEDBACK

Feedback summary points and the respective action taken for the feedback are tabulated below:

S. No.	Key Points Raised	Action Taken
1	Faculty, students and Alumni suggested that some new books and journal subscription required.	The several new books have been procured in the library. Now journals have been subscribed for the benefits of students.
2	Student feedback showed that some extra courses are required beyond the syllabus for skill development.	Various course were introduced through value added course (VAC) for skill development of students.
3	The alumni feedback showed more industrial collaboration required for development of multidisciplinary skills in students.	To conquer the above issues industrial collaboration have been made for student benefits.
4	The employer showed that students required to enhance independent thinking and problem solving ability.	Some extra additional courses were introduced for Skill development in the students.
5	The faculty feedback showed they want to change in the syllabus.	The syllabus was revised by the Pharmacy Council of India and revised syllabus was implemented.
6	Feedback from students showed that the present syllabus is challenging. So students required the value added courses.	Various value added courses were added in the academic activity for the benefits of students.

Analysis on Faculty feedback

Department Name		Faculty of Education					
Stakeholder Name		Faculty					
Total forms/ responses received		12					
Total count under each rating							Average Rating
Component of curriculum↓		5	4	3	2	1	
Q.1	The allocation of the credits to the course is appropriate in relation to the level of course work.	33.33%	33.33%	16.66%	16.66%	0	3.83
Q.2	The course content is adequate to achieve stated CO's/PSO's/PO's	41.66%	33.33%	16.66%	8.33%	0	4.08
Q.3	Syllabus is sufficient to bridge the gap between industry standards/current global scenario and academic requirement	33.33%	33.33%	16.66%	16.66%	0	3.83
Q.4	The timely coverage of syllabus is possible in the mentioned number of hours	58.33%	25%	8.33%	8.33%	0	3.50
Q.5	The units/sections in the syllabus are properly sequenced	58.33%	25%	8.33%	8.33%	0	3.50
Q.6	The recommended textbooks are adequate and map onto the syllabus	8.33%	16.66%	25%	25%	25%	2.58
Q.7	Sufficient reference material and books are available for the topics mentioned in the syllabus	16.66%	16.66%	16.66%	25%	25%	2.75
Q.8	The pre-requisite courses are appropriate for this course	41.66%	41.66%	8.33%	8.33%	0	4.16
Q.9	The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society	16.66%	16.66%	25%	16.66%	25%	2.83
Q.10	The designed experiments stimulate the interest of students in the subject and deepen their understanding	50%	25%	16.66%	8.33%	0	4.16
Q.11	The practicals enable to develop experimental, design, problem solving and analytical skills of the students	58.33%	16.66%	16.66%	8.33%	0	4.25

Allocation of the credits to the course

The course content is adequate to achieve stated CO's/PSO's/PO's

Syllabus is sufficient to bridge the gap between industry standards/current global scenario and academic requirement

The timely coverage of syllabus is possible in the mentioned number of hours

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

The units/sections in the syllabus are properly sequenced

The recommended textbooks are adequate and map onto the syllabus

Sufficient reference material and books are available for the topics mentioned in the syllabus

The pre-requisite courses are appropriate for this course

The programme and curriculum inculcates necessary communication skills, ethical values and concern for the society

The designed experiments stimulate the interest of students in the subject and deepen their understanding

The practicals enable to develop experimental, design, problem solving and analytical skills of the students

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

Summary Analysis:

- More reference and text books should be procured in order to facilitate the students.
- More focus on PDP (personality development program), communication skills, Teaching skills and ethical values and concern for the society related activities should be there in curriculum.

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

Analysis on Student feedback

Department Name							Faculty of Education
Stakeholder Name							Student
Total forms/responses received							40
Total count under each rating							Average Rating
Component of curriculum↓		5	4	3	2	1	
Q.1	The syllabus was challenging	55%	25%	20%	0	0	4.35
Q.2	The allocation of the credits to the course is appropriate in relation to the level of course work.	52.5%	22.5%	22.5%	2.5%	0	4.25
Q.3	The depth of the course content is adequate in relation to the expected course outcomes (COs)	50%	30%	17.5%	2.5%	0	4.27
Q.4	Almost entire syllabus was covered in the class by the teacher	47.5%	32.5%	20%	0	0	4.27
Q.5	The units/sections in the syllabus are properly sequenced.	45%	35%	17.5%	2.5%	0	4.22
Q.6	Syllabus equipped me with necessary technical skills to face the industry	45%	37.5%	17.5%	0	0	4.27
Q.7	The syllabus enabled me to improve my ability to formulate, analyze and solve the problems	42.5%	32.5%	22.5%	2.5%	0	4.15
Q.8	Syllabus inculcated necessary communication skills, ethical values and concern for the society	2.5%	2.5%	27.5%	30%	37.5%	2.02
Q.9	The recommended textbooks are adequately available and map onto the syllabus	2.5%	2.5%	25%	32.5%	37.5%	2.00
Q.10	Opportunities provided for self and extra learning in this semester.	42.5%	40%	17.5%	0	0	4.25
Q.11	The electives offered are relevant to the specialization streams and to the technological advancements	2.5%	2.5%	25%	32.5%	37.5%	2.00
Q.12	The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning)	40%	35%	22.5%	2.5%	0	4.12

Dr. Kavita Verma
Principal
Faculty of Education
GLA University, Mathura

The units/sections in the syllabus are properly sequenced.

Syllabus equipped me with necessary technical skills to face the industry

The syllabus enabled me to improve my ability to formulate, analyze and solve the problems

Syllabus inculcated necessary communication skills, ethical values and concern for the society

The recommended textbooks are adequately available and map onto the syllabus

Opportunities provided for self and extra learning in this semester.

The electives offered are relevant to the specialization streams and to the technological advancements

The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experimental learning)

Summary Analysis :

- More electives should be offered for enhancing Teaching skills of students
- More reference and text books should be procured in order to facilitate the students.
- More focus on PDP (personality development program), communication skills, teaching skills and ethical values and concern for the society related activities should be there in curriculum.
